## Bag yourself New Year bargains

You can now look forward to bagging yourself BCB's newly launched range of rucksacks. The 'Payload', the 'Haul' and the 'Jetstream' are crafted from high quality fabrics which offer you more comfort and value for money.

They all come with the peerless 3 Litre *Source*™ reservoir whose unique glass-like film and grunge guard technology ensures that your drinking water stays fresh, odour and taste-free for longer.

From the start of your journey to your final destination, you will feel the benefits of these products.

### Conservatives' Leader visits BCB

**Pictured:** Andrew Davies AM with BCB Boss, Andrew Howell

**Andrew Davies AM, the leader of the Welsh Conservative Group in the National Assembly for Wales visited BCB.**

During his visit, he was briefed about a number of BCB's latest innovations including an air-pressurised cannon that stops pirates in their tracks, an environmentally friendly outdoor cooking fuel as well as its cutting-edge surveillance unmanned aerial vehicle.

### Warm praise for Chilly

In the USA, the influential Government Executive Magazine voted BCB's heat-defying Chilly Water Cooler one of the 10 innovations that are changing the way wars are fought.

**Saving and protecting lives in hostile environments through innovation**
