SAWS

COMMANDO LIGHTWEIGHT WIRE SAW

Wrist Loops

COMMANDO ORIGINAL WIRE SAW

Metal ring handles

Our popular patented wire saw now comes in two versions!

"The No1 choice commando wire saw"

A tightly woven (8 wire) **stainless steel** saw. Lightweight, versatile, robust and extremely strong.

"Ideal for an escape and evasion kit"

- With swivels and split rings
- **Cuts wood and plastic**
- Can be made into a **bow saw**

The original and still the best wire saw

Can be used for escape and evasion
Will cut wood, plastic and bone
Can still be made into a bow saw
Two handle styles - Wrist loops and metal rings

The new version with wrist loops allows the saw to be used more comfortably and for longer in more demanding conditions.

Can also be used to cut branches overhead:

POCKET CHAIN SAW

A **pocket sized, heavy-duty survival saw** made from riveted sections of band-saw style blade

It will **cut anything** from a thin branch to a large trunk comparatively easily

Bi-directional cutting

Tapered teeth prevent blade sticking whilst cutting

Can be **thrown over high branches** for cutting above head height

Useful for **survival, wood clearing, travelling and gardening**

Fantastic performance for its size

Two string loop handles

Pocket Chain Saw **fits** into a **small pouch** (supplied)
