

Barracuda

Boat Stopping System

The Barracuda is a hand-held device capable of launching a 36 metre (40 yard) arrestor line and two 3ft (1m) sea anchors.

- Ideal for close-in interception
- Works in a variety of sea states
- Operates at a low pressure of 150 pounds per square inch
- Integral gas recharge bottle gives ability to reload and launch a second round quickly
- Comes in carrying case with two munitions
