A BRIEF HISTORY OF

BCB started...

In 1854 when Dr Brown invented a cough medicine. It was very successful as it contained a lot of morphine. (Sorry we stopped making it 50 years ago). It was issued to the British troops fighting in the Crimea War. So successful was it that a company was set up in 1914 named BCB Ltd., after Browns Cough Bottle.

Though we were originally a medical company just after World War II BCB started innovating life saving gear for the marine industry. Our survival kits can still be found in most merchant vessel lifeboats and life rafts around the world.

Dr Brown invented Browns Cough Bottle (BCB) for the British troops in the Crimean War.

Browns Cough Bottle was sold to the public in the UK.

First ever medical kit for life boats and rafts were designed and manufactured.

Developed shark repellent for the U.S. Navy

In the 50's we started making personal survival equipment for the military. Some of the survival kits in this catalogue are the same as aircrew and special forces use worldwide. Made with pride in the UK most NATO fast jets today carry our survival equipment in their injection seats.

When yours or your family's lives may depend on your survival equipment, quality counts. Chinese knock offs may let you down...

1975 - Supply of all medical equipment to the first successful expedition to the South West face of Everest

First supply to the United Nations

1999 - Robotic design begins
1993 - LRQA ISO Quality Control approval

2007 - BCB International Inc. was established in the USA

2014 - BCB Adventure was set up for the outdoor market

1970's

1979 - BCB International Ltd was established to develop the military range and export.

1980's

1988 - Winner of first Queen Award for Export Achievement.

1985 - Pioneer brand of outdoor accessories developed.

1990's

2000's

2009 - Blast Boxers were designed.

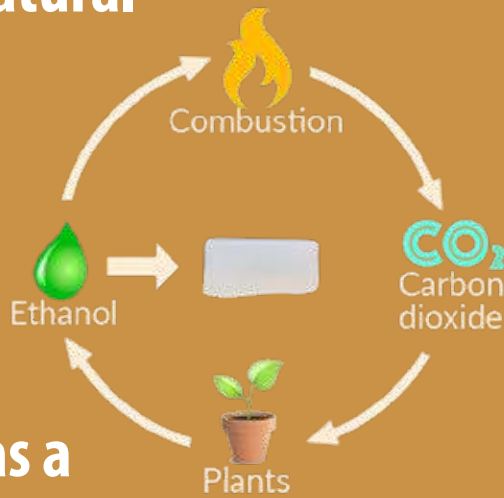

2010's

2013 - FireDragon eco-friendly cooking fuel was launched.

THE NEW ECO-FUEL FOR THE FUTURE.

- Made from natural ingredients
- Non toxic
- All Weather
- Easy to light
- Long burn
- Can be used as a hand cleanser

BCBs new all-weather biofuel FireDragon is made from sustainably sourced ethanol. FireDragon Fuel can be used in most cooking stoves and barbecues, as well as for fire lighting.

- Ideal for the outdoors to cook your food and boil your water quickly, safeguard your health, while protecting the environment.
- Our fuel is non-toxic, non-drip and made from 100% natural renewable ingredients.
- It is easy to light, burns cleanly and independent research shows that it boils quicker than all other solid fuels.
- In the driving rain, the freezing Arctic, at high altitudes or searing heat, FireDragon will perform in the most extreme conditions.

Clean burn

The gel produces very little soot on the bottom of your pan.

Air transportable

Safe to be packed and transported on cargo planes by air.

Long shelf life

FireDragon has a shelf life of more than 5 years

Safe to be packed with food.

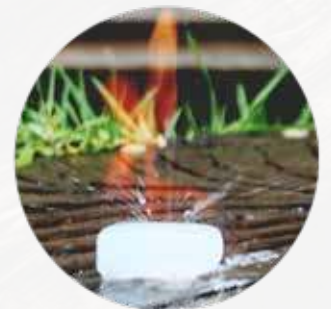

Patented

Unique patented technology granted worldwide. Patent number: 2500062 22-01-2014

Hand Cleanser

All Weather

Quick & easy to light

Clean burn

Fire Dragon beats:

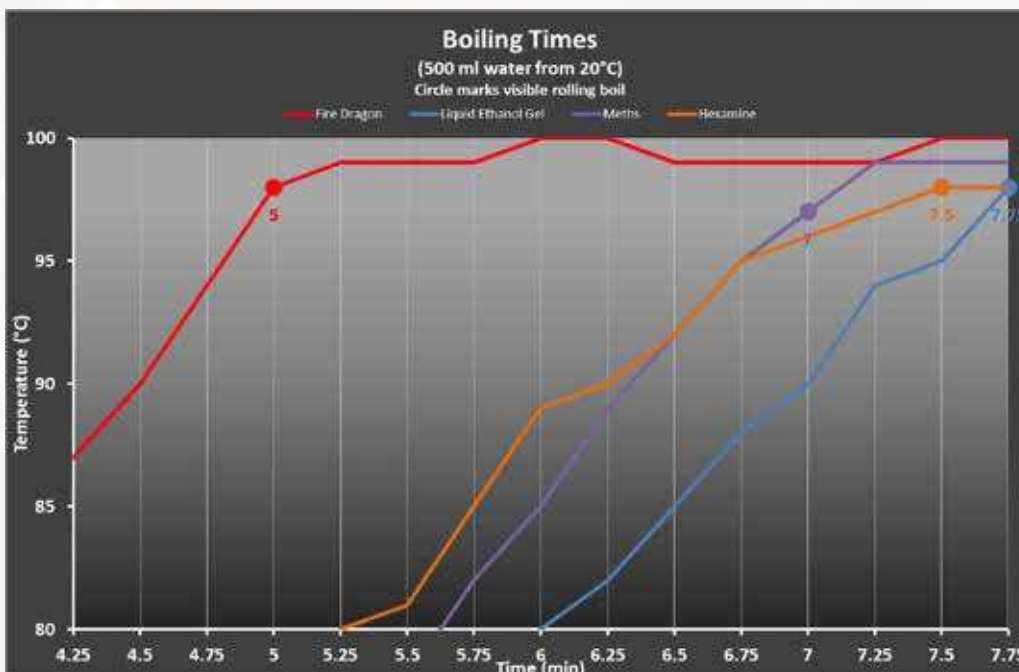

- ✓ **Hexamine** which gives off Cyanide
- ✓ **Trioxane** which gives off Formaldehyde
- ✓ **Gas fuels** which are unable to be transported by air
- ✓ **Methyl Esters** which give off a lot of soot

In extensive field testing by the British Army, FireDragon proved to be the best of all five fuels tested.

Comparison table - Better than the rest!

	Hexamine	Trioxane	Butane Gas	Methyl Ester	FireDragon
Non-Toxic	X	X	✓	✓	✓
Renewably Sourced	X	X	X	✓	✓
Suitable for extreme conditions (wind & rain)	X	✓	✓	✓	✓
Burns whilst wet	X	X	✓	X	✓
Easy to ignite	X	X	✓	X	✓
Odourless	X	X	✓	X	✓
Hand cleanser	X	X	X	X	✓
Low soot	X	X	X	X	✓
Safe for wildlife	X	X	✓	✓	✓
Long shelf life	✓	✓	✓	✓	✓
Air transportable	✓	✓	X	✓	✓
Indoor & outdoor use (provided suitable airflow)	X	X	✓	X	✓
Low luminosity flame	X	X	✓	X	✓
Made in the UK	X	X	✓	X	✓

Performance table - Quicker than the rest!

FireDragon releases more heat energy and at a faster more consistent rate within the first five minutes of burn compared to hexamine and other solid fuels tested... FireDragon had an average ignition time of 2 seconds. Hexamine by comparison was 9.5 seconds...

START Quick, simple & easy to ignite

3 MINUTES Starting to boil. Little flame visible

5 MINUTES Rolling boil. No smell

"The small FireDragon tablets are easy to use and fit perfectly into my survival tin and mess kit"

Sgt, Special Forces

FIRE DRAGON SOLID FUEL

6 PACK CODE: CN336PA

18 PACK CODE: CN336PB

A new innovative environmentally friendly solid fuel.

- Non-toxic and odourless
- Highly effective, high burn fuel
- Easy and quick to ignite - use the flint and striker, match or lighter.
- Low luminosity
- Very little soot given off, so doesn't dirty your cooking pot or mess tin
- Easy to store and handle
- Safe to be packed with food
- High calorific value 28,000 kJ/kg
- Suitable for all weather conditions
- Each block will burn for about 10 minutes.
- Will light & burn even when wet
- Can be used with a variety of cookers
- Made from sustainable, natural biofuel
- Air transportable
- Patented

Weight: 6 X 0.9oz (27g) per pack

NATO approved: NSN-9110-99-426-2694

Air Transportable: UN Class 4.1 Packing Class III

Safer to use than liquid fuels especially outdoors

FIRE DRAGON COOKER

CODE: CN337

This high quality cooker is, **small and lightweight**. It comes with a wind shield and fuel receiver. The fuel receiver adds to the performance of the system as it helps to channel and focus the flame up onto the cooking vessel, effectively like a chimney. This helps to improve the burn efficiency so improving your cooking time and reducing the amount of fuel you need.

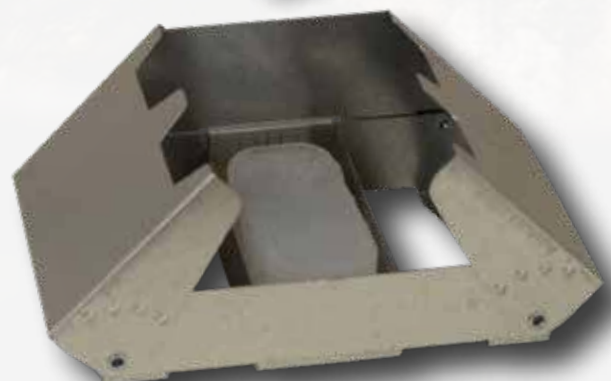

You can store 3 FireDragon solid blocks inside the closed stove.

- Easy to use
- Compact
- Lightweight
- Efficient
- You can burn many fuels (not petrol) in its central fuel receiver
- Waterproof
- Reusable
- Military Issue

Weight: 3.8oz (110g)

NATO approved: NSN-7310-99-587-4226

Size when closed: 4.5"L x 2.7"W x 0.9"H (115L x 70Wx 25Hmm)

Derived from FireDragon Solid technology, we are proud to introduce our new all-weather gel biofuel made from waste vegetation sourced ethanol, which can be used in a host of outdoor cooking stoves, barbecues, and indoor ethanol/biofuel fireplaces.

- Environmentally Friendly

FIREDRAGON GEL FUEL

21.3fl oz CODE: CN336PC (630ML)
6.7fl oz CODE: CN336PD (200ML)

Our all-weather gel biofuel derived from FireDragon Solid fuel technology. Made from ethanol, FireDragon Gel Fuel can be used in multi-fuel outdoor cooking stoves, and barbecues, as well as for fire lighting.

- Ideal for the outdoors to cook your rations and boil your brews quickly, safeguard your health, while protecting the environment.
- Our fuel is non-toxic, non-drip and made from 100% natural ingredients.
- It is easy to light, burns cleanly and our research shows that it boils quicker than most other non-gas fuels.
- In the driving rain, the freezing Arctic, at high altitudes or searing heat, FireDragon will perform in the most extreme conditions.

MATCHLESS FIRE SET

CODE: CN021

The pouch contains 3 FireDragon solid fuel blocks, six cotton wool balls, and a fire-lighting flint. This kit has the advantage of lasting much longer than a box of matches and its components are sealed. Standard Air Force issue for survival kits

- More than 5 years shelf life when sealed
- Easy opening tear notch
- Will work in the rain
- NATO Number: NSN-4220-99-403-2117

Packed size: 5.9" x 5.1" x 1.1" (15 x 13 x 3cm)
Weight: 4.4 oz (125g)

THE DRAGON MULTI-FUEL COOKING SYSTEM (WITH WATERBOTTLE)

CODE: CN023M MULTICAM

CODE: CN023 BLACK

A neat, all-in-one, professional, strong, multi-fuel cooker, drinking cup, aluminium cooking cup and water bottle.

Similar to military issue, each item fits neatly inside the other and also 'around' the water bottle so it's compact for you to carry.

All contained in a handy belt-pouch, also included.

It is quick and easy to use with any solid or gel and most liquid fuels.

- Lightweight & very strong
- Quick efficient cooking fuel.
- The metal cup is hard-anodised, giving it an easy to clean finish
- Compact - all handles fold away, and it concertinas into itself
- Multi-fuel
- Lightweight
- The Boil time of 1pt of water with an ORP retort ration is an incredible 5.5 minutes when using the fantastic FireDragon fuel.
- Compact and robust.
- The Pouch can be MOLLE mounted onto belts, rucksacks or body armour. It is all shaped to fit around your body.

AIRBOURNE COOKING CUP MKII

CODE: CN540C

- Replaces the mess tin
 - Light weight aluminium
 - Aluminium is quicker to heat than the stainless-steel cup
 - Heat retention indent on bottom increases the surface area so the contents heat up/cook quicker
 - 2 steel folding handles
 - Hard anodised so it is easier to clean
 - Larger than cup canteen at 1 litre
 - Shaped based to help capture with a larger surface area as much heat as possible
- Size: 5.1 x 3.9x4.5" (13x10x11.5cm)
Weight: 7oz (204g)
Capacity: 1 Litre with markings at 0.25 and 0.5

CUP CANTEEN

CODE: CN540 SILVER (NATO issue)

CODE: CN540B BLACK

Constructed of high-grade stainless steel. The cup canteen is designed to fit beneath the NATO water bottle as part of the BCB Complete Cooking System.

- Available with a black PTFE coating which means it's easier to clean.
- Doubles as a cooking pot.

Volume: 1.58 pints (internal measuring scale) (750 ml)

Size: 5.3" x 4" x 4" (13.7 x 10.2 x 10cm)

Weight: 9.6oz (290g)

NATO approved (Silver): NSN-6850-99-798-5980

NATO approved (Black): NSN-8465-99-721-3131

Drinking Cup

Heavy Duty Water Bottle

Cooking Cup

Multi-fuel Cooker

Pouch

DRAGON COOKER

CODE: CN006

- Multi fuel
 - Internal "Chimney" helps to improve burn efficiency
 - Vent hole helps to retain as much heat as possible and funnel the airflow for effective fuel burn
 - Stainless Steel
 - With PTFE coating
- Size: 4.9 x 4.3 x 3.1" (12.5 x 11 x 8cm)
Weight: 5.3oz (152g)

DRAGON COOKER

CODE: CN006C

- Multi fuel
 - Internal "Chimney" helps to improve burn efficiency
 - Vent holes help to retain as much heat as possible and funnel the airflow for effective fuel burn
- Size: 4.9 x 4.3 x 3.1" (12.5 x 11 x 8cm)
Weight: 5.3oz (152g)

DRAGON COOKING SYSTEM POUCH

Code: CA815M

Pouch to keep your BCB Cooking System safe & protected.

- Multi Camo or Black
- Tough, durable material

WATER BOTTLE & MUG

CODE: CR244A (STANDARD)

CODE: CR244B (NATO ISSUE)

A black plastic 32oz (950ml) capacity bottle and 1pt (500ml) capacity mug.

- Issue (58 pattern) size
- Heavy duty material
- Plastic cup with handle
- Screw top closure
- British army style

Dry weight: 8oz (227g)

NATO approved: NSN- 8465-99-9736665

MINI MESS BOX

CODE: CN550

A super lightweight, airtight aluminium tin with locking roller clasps.

It features a rubber seal within the lid, and is useful as a storage tin for personal survival equipment.

Size: 5"x 3.5"x1" (13 x 9.5 x 3cm)

Weight: 4oz (95g)

CAN OPENERS

CODE: CN225

Strong, lightweight, robust, composite can opener.

- Two per pack
 - Can be attached to a key ring lanyard
- Size: 1.9 x 0.8" (5 x 2cm)

Weight: 0.3oz (9g)

NATO approved: NSN-7330-99-549-6287

FIREBALL FLINT & STRIKER (GRAND)

CODE: CN340

The original fire starters just got better.

- The two new designs are more comfortable and safer to use.
- Both have a small liquid filled button compass in the handle.
- The flint and striker of Grand Fireball slide and lock together.
- The long flint gives a great shower of hot sparks

Length: 4.5" (11cm)

Weight: 1.6oz (50g)

FIREBALL FLINT & STRIKER (MINI)

CODE: CN340M

- Lightweight
- Compact
- Separate hardened hacksaw blade creates a large striking surface area with its teeth

Length: 3" (8cm)

Weight: 1.3oz (40g)

STRIKER FIRE FLINT

CODE: CN331

Flint adhered to a magnesium block.

- Scrape shavings off the magnesium block with the hacksaw blade
- Then ignite these by striking the blade down the flint showering sparks onto the magnesium
- This burns readily and very hot so is an ideal catalyst to ignite your tinder
- Can be used for starting thousands of fires

Size: 3" (7.62cm)

Weight: 0.5oz (15g)

NATO approved: NSN-5120-99-471-3046

RANGER FIRE FLINT

CODE: CN330 (CHAIN)

CODE: CN330D

The most compact flint & striker designed to fit into the smallest survival kit. Scraping the flint produces a shower of sparks, suitable for lighting tinder. Long lasting. The striker can be used as a small knife or saw.

Size: 3" (7.6cm)

Weight: 0.8oz (24g)

LOCATION MARKER BALLOON

CODE: CK409

A ground to air signal balloon.

Designed by the military for the military.

- Quick deployment - under 2 minutes
- Lightweight carbon fibre, large capacity helium cylinder
- Large (over 2 Yards) bright balloon
- Day or night time visible. Attach a chemical light (two supplied)
- Radar reflective
- Reusable
- Lightweight and safe to use
- Can be quickly used to mark your Drop Zone position or if in need of rescue.
- Will float high above any jungle or forest
- 250 feet (75 metre) strong tether
- Can be operated by one person within minutes
- Uses inert helium gas to inflate 136 litre Radar Reflective balloon
- Two chemical light disks (supplied) can be attached to both sides of the balloon giving at night an excellent signal, especially if the pilot is wearing NV goggles
- Can be seen over 10 miles away
- The balloon will stay aloft for many days
- Can be pulled back down and released back up as required
- The balloon has an excellent lifting capacity and can take up approximately 80 gms i.e. a radio antenna etc above the canopy
- Also very effective in other distress environments, e.g. maritime, desert and woodland etc
- The foil balloon gives a large radar reflective signature (over 10 meters)

Packed size: 15 x 9.8 x 4.7" (39 x 25 x 12cm)

Balloon open size: 46.8 x 25.9" (119 x 66cm)

Weight: approx 31oz (900grams)

HOWLER WHISTLE

CODE: CK316

Emergency distress whistle. Produces a high decibel noise from low air input.

DISTRESS WHISTLE

CODE: CK312

An incredibly loud whistle. Compact with no moving parts. This British made whistle is used in our Special Forces survival kit. Used also by mariners and sports people.

- SOLAS approved

Size: 0.75" x 2" (2 x 5cm)

NATO approved: NSN: 4220-99-1209470

COMPACT SIGNALLING MIRROR-HELIOGRAPH

CODE: CK314 COMPACT 2X2" (5X5CM)

CODE: CK324 ADVANCED 4 X 4" (10 X 10CM)

This innovative mirror is lightweight. Robust and approved for marine and military use.

- It is highly reflective giving it a range of over 10 miles, for the small mirror and longer for the liferaft/lifeboat larger mirror.
- Designed for one handed operation.
- Accurate and effective
- Floats
- Robust
- Quick and easy to use
- Instructions printed on reverse side

NATO approved (Compact): NSN-6350-99-613-9818

NATO approved (Advanced): NSN-6350-99-613-3083

SOLAS approved

MAP READING COMPASS

CODE: CK602

A base plate compass, containing a magnifying glass, ruler and scales for 1:25000 and 1 mile to 1 inch. The liquid filled compass rotates within the base.

- Nylon lanyard included
- Stencil holes for adding map symbols

Weight: 2oz (53g)

Size: 6" x 2" (15.5 x 4 .5cm)

NATO approved: NSN-6605-99-501-14968

EXPLORER BUTTON COMPASS

CODE: CK311

An exceptionally robust, oil filled, pressurised military approved compass which features in most of our survival kits. Designed for escape and evasion.

- Load tested to 52.9 lbs 24kg)

Weight: 0.07oz (2g)

Size: 0.51" (1.3cm) diameter

NATO approved: NSN-6605-99-127-9239

MINI COMPASS II

CODE: CK315

An extremely compact and accurate button compass. Features a rotating bezel and a clear acrylic base plate.

- Nylon lanyard included
- Oil filled and cushion mounted
- Luminous dial

Weight: 0.28oz (8g)

Size: 1" x 2" (3 x 5cm)

WATERPROOF FIELD NOTEBOOK

CODE: CD446

Tough durable notebook perfect for use in the field. Comes with a pencil fitted into the spiral binding. Waterproof paper.

Useful information printed inside such as conversion charts, name and notes on front, ruler, useful Arabic phrases.

- **Size: 1.5 x 3.5 x 0.1" (14 x 9 x 0.5cm)**
- **Number of pages approx: 50**
- **Weight: 1.4oz (40grams)**

CAMPING MIRROR STAINLESS STEEL

CODE: CS614

Multiple uses include shaving, combing hair, brushing teeth and applying/removing make-up

- Very tough and durable.
- Can be used for signalling in an emergency
- Use the hole for hanging the mirror

Size: 4.2 x 3.2" (10.8 x 8.3cm)

Weight: 1.8oz (52g)

MINI-WORK TOOL

CODE: CM024

This credit card size stainless steel multi-tool is packed with features:

Tools include: Knife, Wire stripper, Wood saw blade, Various size wrenches, Bottle and Can opener, Bearing plate for a button compass, Flat edge screwdriver, Ruler and lanyard hole.

Size: 2.7 x 1.8" (6.8cm x 4.5cm)

Weight: 1.25oz (35g)

COMMANDO ORIGINAL WIRE SAW

CODE: CM020A

Our popular patented wire saw just got better. The tightly woven (8 wire) stainless steel saw now offers increased life span and reduced weight. With the addition of wrist loops they can now be used more comfortably and for longer in more demanding conditions.

- The original and still the best wire saw
- Can be used for escape and evasion
- Will cut wood, plastic and bone
- Can still be made into a bow saw
- Two handle styles - Metal rings or loops

NATO approved: NSN-5110-99-456-2156

FOLDING TRAVEL TOOTH BRUSH

Code: CS740

- Folds into the compact hygienic handle

Weight: 0.7oz (20g)

Size folded: 3.9 x 1" (9.8cm x 2cm)

Size open: 6.5 x 1" (16.5cm x 2cm)

* Does not include toothpaste.

TWIST RAZOR

CODE: CS613

Housed within a robust sheath a simple twist reveals the blade.

- Just twist the base to reveal the razor.

Weight: 1oz (20g)

Size folded: 3 x 1" (8cm x 2cm)

SOLAR SHOWER

Code: CR006

Solar heated black vinyl absorbs heat, warming the 20 litre flexible reservoir. This portable light weight shower is easily packed and stored.

- On/off spray setting
- Non-toxic durable PVC
- 700mm flexible tube and shower head

Capacity: 5 gallon (20 litre)

Size open: 22.8 x 15.7 x 1.6" (58 x 40 x 4cm)

Size folded: 35 x 18.5 x 6cm (13.8 x 7.3 x 2.4")

Weight: 9.8oz (278g)

NATO approved

CAMO TAPE FABRIC

CODE: CL1523 (MULTICAM)

Versatile, pocket-sized tapes. Ideal for running repairs & patching-up webbing.

- Protects and reinforces areas prone to wear
- Available in fabric, vinyl & gaffa-tape varieties

Size: 2 x 393.7" (5cm x 10 metres)

DUCK TAPE (BLACK)

CODE: CL1526

Versatile, pocket-sized tapes. Ideal for running repairs & patching-up webbing.

- Protects and reinforces areas prone to wear
- Available in fabric, vinyl & gaffa-tape varieties

Size: 2 x 196.9" (5cm x 5 metres)

THERMAL HEADCOVER

CODE: CB794G

The Headcover can be worn as a neck warmer, as a neck and face cover, or as a head cover. Ideal to wear under a helmet. This adaptable scarf has a soft, brushed fabric which is comfortable against the skin.

- Meraklon
- Breathable fabric

PARACORD

CODE: CM030

Olive paracord useful to soldiers and woodmen alike.

- Strong and long
- Breaking strain of approx 50 kilos
- Protective wear resistant sheath
- Braided inner cord can be used as fishing line or for sewing

Length: 15m (50ft)

SHARK REPELLENT

CODE: MM208

BCB shark repellent contains a chemical and a thick black dye that repels and disorients sharks. When tested by the US Navy BCB's shark repellent was the only product out of 24 to achieve any success in repelling sharks. Since then BCB's shark repellent has been used by Navies worldwide as their approved shark repellent. When this foil packed sachet is squeezed in water, the crystalline acetate produces a dense black cloud. The inner bag has an attachment cord so it can be kept close to your body. This NATO approved product is used in life rafts and for airborne survival packs.

Weight: 4oz (115g)

NATO approved: NSN: 6850-99-220-3539

NECK COOLING SCARF

CODE: CB472

A simple but highly effective body cooling product that works by evaporation. Immersion in clean water for approximately 15-25 minutes allows the poly-crystals to absorb and retain a large volume of water.

When worn, the retained water evaporates and draws away body heat creating a cooling effect, increased by refrigeration.

NATO approved: NSN-8415-99-498-8961

ELASTICATED BUNGEEES

CODE: CM031

Multi-pupose robust essential around the camp.

- Heavy duty
- Strong rubber coated metal hooks
- 1m (3ft) length
- 4 per pack

WATERPROOF RESCUE BAG

CODE: CA969

Can be worn on the back with two padded shoulder straps. Made in a highly visible orange PVC, Two compression straps, external clear I.D window and waterproof zips.

- Strong hand carrying strap
- Fully watertight zip
- Highly visible ORANGE

**Uncompressed size: 12W x 16L x 13H - Inches
(30W x 50L x 32H - CM)**

ULTRALIGHT DRY BAG

CODE: CA965 (1.7 PINTS / ORANGE)

CODE: CA966 (7 PINTS)

CODE: CA967 (22.8 PINTS)

CODE: CA968 (61.5 PINTS)

Ultralight Dry bags can be used to organize your kit on any trips. The fully taped Ripstop PU coated fabric keeps the weight down and helps keep your kit safe and dry. A durable buckle secures the roll-top closure and acts as a grab handle.

- Ultralight, waterproof 40D Ripstop nylon Silicone PU coated fabric
- Waterproof taped seams
- Roll-top waterproof closure
- Durable buckle secures roll top

RUCKSACK DRY BAG (WITH COMPRESSION VALVE)

CODE: CL081 (105 PINTS)

CODE: CA960 (158 PINTS)

Fully submersible dry bags manufactured from hard wearing black coated nylon. Features a roll-down closure with quick release buckle.

- Excellent as a rucksack liner.
- The 60 litre has a clear viewing strip and valve (60L only)
- The valve allows you to either inflate the bag if needed or to expell air, so reducing the overall volume.

Volume: 105 Pints

Size: 31 x 25" (79 x 63.5cm)

Volume: 158 Pints

Size: 31 x 35" (79 x 89cm)

EMERGENCY FOIL PONCHO

CODE: CL202

Ideal to keep in your bag, car or pocket just in case you get caught out.

- Integral hood helps maximize body heat retention
- Compact and lightweight
- Radar reflective properties
- One size fits all
- Pullover style provides

maximum protection without restricting movement.

Size: 41"x 37" (104 x 94cm)

Weight: 3oz (92g)

FOIL HYPOTHERMIA BLANKET

CODE: CL041 SILVER

The lightest and most compact blanket in our range. Truly pocket sized it assists in the retention of up to 90% radiant body heat.

Available in plain silver or with an olive outer.

- Lightweight foil sheet

Size: 84"x 54" (202cm x 132cm)

Weight: 1.7oz (50g)

NATO approved (Silver): NSN-7210-99-991-0460

PRINTED SURVIVAL BAG

CODE: CL044

A highly visible, heavy duty, full sized poly bag printed with survival information covering fire making, navigation and shelter.

- 500 gauge heavy duty poly-bag
- Highly visible day-glo orange colour

Weight: 12.1oz (345g)

NATO approved: NSN-8465-99-684-4041

BODY WARMERS

CODE: CL280 (40 PACKS)

Opening the sealed packaging lets oxygen react with the bag. Within a minute they release constant heat. Typically these packs are used for comfort, increasingly however, they are used in rescue operations where a survivor is trapped in a cold or exposed place.

- Body warmers (40 per box) Working temp: 50°C to 65°C
- Duration of max. heat: 20 hours

HAND WARMERS (X 2)

CODE: CL281 (40 PAIRS)

Opening the sealed packaging lets oxygen react with the bag. Within a minute they release constant heat. Typically these packs are used for comfort, increasingly however, they are used in rescue operations where a survivor is trapped in a cold or exposed place.

- Hand warmers (40 pairs per box) Working temp: 57°C to 70°C
- Duration of max. heat: 7 hours
