# TO **SAVE** AND **PROTECT** LIVES IN HOSTILE ENVIRONMENTS THROUGH **INNOVATION.**

- BCB has over 160 years of experience developing life-saving and protective equipment
- BCB specialises in delivering products to those operating in challenging environments
- You can rely on BCB if your challenges are expeditionary or asymmetric warfare, peace keeping operations or security related
- BCB finds tailored solutions for their clients' equipment needs

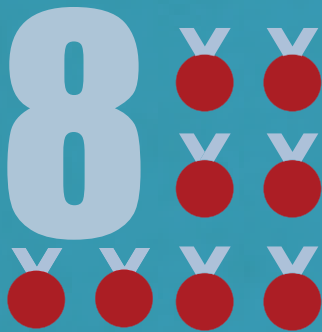

- 01 N.A.T.O APPROVALS
- 02 ISO 9001:2008 CERTIFIED SINCE 1993
- 03 R&D INVESTMENT
- 04 UN REGISTERED

## OUR PARTNERSHIPS WITH YOU

BCB sees each customer as important and individual. We strive to establish close honest working relationships with each and every customer. Some of our leading customers we have dealt with for over 60 years.

## AWARDS

Approved by  
Lloyd's  
Register  
Quality to ISO  
9001:2008

Queen's Award x 2  
Soldier Technology Award x 3  
Wales Innovation Award

Three Soldier Technology awards for innovation

Two Queen's Awards for Export Achievement

## A BRIEF HISTORY OF

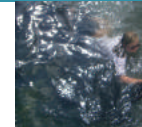

Dr Brown invented Browns Cough Bottle (BCB) for the British troops in the Crimean War.

Browns Cough Bottle was sold to the public in the UK.

First ever medical kit for life boats and rafts were designed and manufactured.

Developed shark repellent for the U.S. Navy  
Page-43

## EXPORT LICENCES

The following items in this catalogue may require an export licence; • **Body armour** • **BSS**. The application process is free of charge via the British Government. It requires an End User Undertaking (EUU). A template of this EUU is available upon request at [info@bcbin.com](mailto:info@bcbin.com). This process can take 4-6 weeks on a case by case basis. We would ask you to start this process as soon as possible. It can be started ahead of ordering. For further information and guidance please contact us at [info@bcbin.com](mailto:info@bcbin.com)

# NON LETHAL

## BOAT STOPPING SYSTEMS

*"AT A DEMONSTRATION A 45 KNOT SPEEDING RIB WAS SLOWED TO JUST A FEW KNOTS IN SECONDS USING THE LWI"*

6

NON - LETHAL

SCAN WITH YOUR  
SMARTPHONE TO  
VIEW VIDEO

- Non Lethal
- Available in hand held, boat mounted or shore fixed.
- Low maintenance
- Low cost to use
- Quick reload
- All air powered. Can be filled quickly from any cylinder

BCB has developed this innovative range of non-lethal Boat Stopping Systems, utilising a powerful air powered pneumatic launcher which fires an arrestor line across the bow of a suspect or intruding vessel.

Maritime Law Enforcement Agencies are using these systems in littoral waters, inland waterways, ports and harbours.

## RANGE

There are three launcher systems that comprise the range:

### Barracuda

A small hand-held launcher that can be used by on-shore foot patrols or in a patrol craft in confined waters.

### Buccaneer

A medium sized mobile launcher that is ideally mounted on a patrol vessel with the speed and range to pursue, overtake and subdue suspect vessels

### Sea Stinger

A large fixed launcher that can be mounted on shore installations, including jetties, to control entry and exit from harbours.

## LINE ARRESTOR SYSTEM

The arrestor line system is simple and effective.

Each system fires a floating Dynema or Spectra line with a sea anchor at both ends. The line and sea anchors are launched in a streamlined container (the munition). At the end of the flight two sea anchors deploy. The floating line entangles the stern gear on the outboard or inboard/outboard motors. The sea anchors then inflate and create drag to slow the target vessel to a virtual stop in a matter of seconds.

The line can be retrieved and used repeatedly if undamaged.

# BOAT STOPPING SYSTEMS AT A GLANCE

All data is approximate

FEATURE	BARRACUDA (HANDHELD)	BUCCANEER (SHIP BORNE)	SEA STINGER (PORT OR LARGER VESSEL)
Barrel diameter	5" (125mm)	5" (125mm)	7" (175mm)
Maximum range (approx)	40yds (36m)	200 yds (200 m)	437yds, 400 m (line) 328yds, 300m (net)
Typical line length	40yds (36 m)	100yds (100 m)	218 yds, 200 m (line) 100m (net)
Typical barrel length	24" (50cm)	48" (1.2 m)	48" ( )
Max operating charge	11bar (160psi)	40bar (600psi)	40bar (600psi)
Total weight	17.1lbs (8kg)	90lbs (40kg)	170lbs (77kg)
Dimensions	36"	47 x 11"	59 x 23"
Suggested application	For handheld use on or off shore. Use in confined waterways.	This medium launcher can have a single or twin V shaped barrel fitted. For use on all sizes of vessels from RIBS to capital ships to merchant vessels. Can be used to fire a line for ship to ship or ship to shore.	For closing quickly a port, harbour or estuary or for non lethal protection of a navy, coastguard vessel or oil rig. To protect any maritime assets.

8

NON - LETHAL

## BARRACUDA

CODE: BARR001

A handheld device capable of launching a 36 metre (40 yard) arrestor line and two 3 ft (1m) sea anchors.

- Ideal for close-in interception
- Works in a variety of sea states
- Operates at a low pressure of 150 pounds per square inch
- Integral gas recharge bottle gives ability to reload and launch a second round quickly
- Comes in carrying case with two munitions

## Hand-Held

**BUCCANEER**  
CODE: BUC001

## Boat-Mounted

The Buccaneer KIS delivers projectiles designed to deter and disable small fast sea craft at extended range.

With a range of up to 200 meters the Buccaneer KIS uses specialised payloads to lay buoyant netting / line for interdiction operations. The Buccaneer KIS is extremely flexible having a 360 degree rotation and depression and elevation of 45 degrees from the horizontal.

It can be operated remotely from the bridge or control room quickly and safely and uses no explosive or pyrotechnics parts in its use.

The Buccaneer can be loaded with alternative projectiles such as high density smoke, flares, or buoyancy aids.

### Projectiles to either:

- Lay netting over a wide area
- Lay a buoyant line or lines

### Or to entangle the assaulting crafts propeller.

- Dispense airburst smoke or an irritant gas
- Dispense multiple small projectiles over a wide area - up to a 50 meter square - in a scatter gun approach

### The projectiles:

- Non lethal - like paintballs
- Less than lethal - like squash balls
- Lethal - like gravel or golf balls

This provides a layered defense. The lethality can be increased if the approaching craft is not initially deterred.

Alternatively, it can deploy:

- Survival items to a man overboard like a single seat liferaft or buoyancy aids
- A rope line to shore for mooring, or to another vessel for towing

NSN:1095-99-993-1079

Control station for remote firing

Line arrestor system

**"IN RECENT TRIALS THE  
BUCCANEER STOPPED A 3 TON  
BOAT AT 25 KNOTS IN SECONDS"**

# SEA STINGER

CODE: BUC002

The Sea Stinger is used as an 'Area Denial System' for large marine key point installations such as oil rigs, ports, estuaries or large cargo vessels that are vulnerable to acts of piracy or terrorism.

The 'big brother' of the Buccaneer the Sea Stinger is able to deploy entangling netting out to a range of 600 meters. Recover the line or net and re-use it again and again. Providing a non lethal deterrence and defence against incursions into vulnerable water ways and areas of sea the Sea Stinger is both simple to use and maintain.

## Sea Area Denial System

All sizes are approximate

# WALL BREACHING SYSTEM (WBS)

- Non Lethal
- Reliable- extensively tested and engineered to the highest standards.
- Simple- easy to operate and maintain
- Effective- adaptable and flexible to your operational needs
- Quick- Can be recharged and loaded in seconds
- Low cost
- In service now worldwide with S.F., SWAT and Military units

## CODE: WB005

The WBS can be mounted on a static location, such as critical infrastructure, vehicle mounted or manually wheeled into position.

Capable of firing a 48.5 lb projectile with sufficient force to punch through, non explosively, a double skin breeze block cavity wall.

Fitted with a Recoil Mitigation System the WBS KIS uses water or sand filled projectiles reducing collateral damage and increasing safety for building occupants: such as hostages or for search and rescue operations.

The WBS KIS can also be utilised for infrastructure and large sea vessel protection through the use of vessel interdiction entangling / disabling systems or SABOT cylinders which contain multiple smaller projectiles for wide area effects such as paint or PAVA balls.

NATO APPROVED: NSN:1095-99-474-6909

# RIOT CONTROL LAUNCHER - LESS THAN LETHAL

- Less lethal
- Range of 33 yards
- High accuracy = less collateral damage
- Ergonomic conforms to satisfy all body types
- Designed for both right and left handed operatives
- Use of impact ammunition MAT44" makes this an ideal and safe law enforcement tool

CODE: QA024

The Kann 44 CLR® is a new generation and innovative less-lethal launcher, which best meets today's challenges and operational requirements.

Its design outperforms other launchers on the market on the quality of materials used as well as its accuracy thanks to its long rifled barrel 11"(28cm).

Model Defence Ball Launcher	Rifled long barrel
Material	High quality stainless aluminium
Safety	Barrel removable via pin
Size	44 / 83 SP
Action	One/Single
Overall length	Double
Height	Butt Folded 19.5"(500mm) Extended 27.5"(700mm)
Thickness	Butt Folded 3.6"(92mm) Extended 2"(52mm)
Weight	5lb / 2.30kg
Length Barrel	11" 280mm
Rifled	12 Right
Accuracy	Within a 8"x8" square from 98ft
Sights	Fibre Optics
Pontet	Oversized fingers passage
Quick Scoring	3-point system for quick scoring targets
Load carriage	1 strap attachment

CODE: QA025

LESS LETHAL AMMUNITION - 44/83MM - MAT44 CLR®

The MAT44® is a new generation of impact ammunition, for the less lethal launcher.

Its gyroscopic ballistic effect outperforms the spherical projectile. The MAT44® meets impact criteria as well as the requirement to physically and behaviourally immobilise the target.

The bullet shape of the MAT44® and rifled barrel increase the ballistic qualities and improves accuracy, making it ideal for crowd control.

The MAT44® offers a range of 16.5ft to 98.5 ft when used with the KANN44 CLR.

SCAN WITH YOUR SMARTPHONE TO VIEW THE VIDEO ONLINE

# FLEM® 12 GAUGE Less-lethal ammunition

- Less lethal
- Range of 21 yards
- High accuracy = less collateral damage
- Minimises injury

- Extremely accurate within a 11x11" square 21 yards away.
- Limits rebounding
- High visibility green or yellow

## CODE: QA026

The FLEM® is a patented less-lethal ammunition for smooth barrelled 12 gauge shotguns. Its unique design delivers more accurate, safer and effective immobilisation of target than other less-lethal 12 gauge projectiles on the market.

FLEM 12 GAUGE	Less-lethal ammunition
Material	Elastomer composite
Caliber	12 Gauge
Diameter	0.7" (18mm)
Length	2" (52mm)
Weight	0.5oz (14 gram)
Cartridge casing:	Plastic: 0.02oz (0.8gram)
Maximum speed	160m/s
Shooting range	20m
Accuracy	Within 12x12" rectangle 22 yards away

UN Number	UN0012
Risk Class	1.4s
Packaging options	Cardboard box or M2A1 -type metal box
Package dimensions	12 x 6 x 7.5"

# PROTECTION

## PERSONAL IED EXTRACTION KIT (PIEK)

14

PROTECTION

Prodder

Scraper

### CODE: CK005

A compact lightweight kit. Designed for all people (and vehicles) to carry, at all times when travelling in an area of country where mines or IED's may be lurking. This kit could save your life!

The PMEK kit comprises of:

- A non-magnetic scraper to remove carefully, and from a distance, any loose earth covering the device.
- A non-magnetic mine prodder of varying lengths to suit, up to 40 cm (16 inches) long. This is pointed and strong to penetrate most hard compacted ground
- 25 coloured marker pegs to clearly pinpoint the location of any device; or cleared ground
- 30 small chemical light sticks for night marking which can be clipped into the marker pegs
- An aid-memoire on mine field marking, and prodding techniques
- A trip wire feeler
- All packed in a neat MOLLE belt pouch in multi pattern camo

NSN-1385-99-250-2178

# PROTECTIVE OVER GARMENT (POG)

15

PROTECTION

CODE: CB487

The original protective over garment just got better.

The BCB Protective Over-garment (POG) offers protection against fragments during blasts from IED's, and help guard against life changing injuries such as perineal and femoral artery injuries.

The BCB POG strap provides as much comfort as possible whilst providing high level ballistic protection to the groin and posterior.

The front portion is designed with just a clip to enable the wearer to easily urinate, without having to doff or unravel the garment.

This feature seems like a small benefit, but it is amplified during an operation.

- Comfortable
- Fully adjustable
- NIJ Level IIIA
- Jock –Strap design
- Front can be worn separate to the rear section
- Cupped shape to the front provides space and airflow
- **Lightweight** of just 34oz (970g). Front portion weighing just 14oz (480g)
- Rear attaches with one clip at the front and two G-Hooks at the sides
- Each size is adjustable to fit various shapes and sizes
- Rear attachment **elasticated** to conform to the wearer's movements in use
- Rear can be folded and stowed on the back of the wearer
- Robust and abrasion resistant **500 denier Nylon** carrier and Nylon webbing
- Designed to be worn over combat trousers
- Berry and '**Made in America Act**' compliant
- Groin section is **soft and flexible for comfort**

# PROTECTIVE UNDER GARMENT (PUG)

- Protection against blasts and fragments from IED's
- Comfortable design
- Laboratory and field tested
- Made in the USA

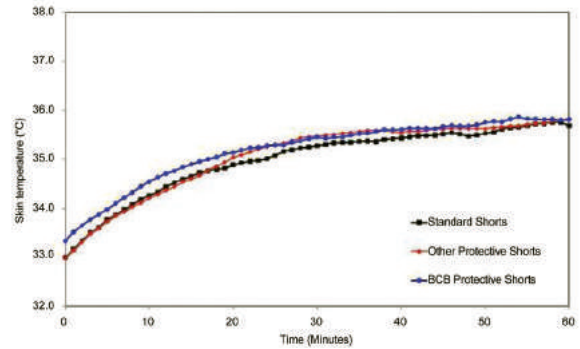

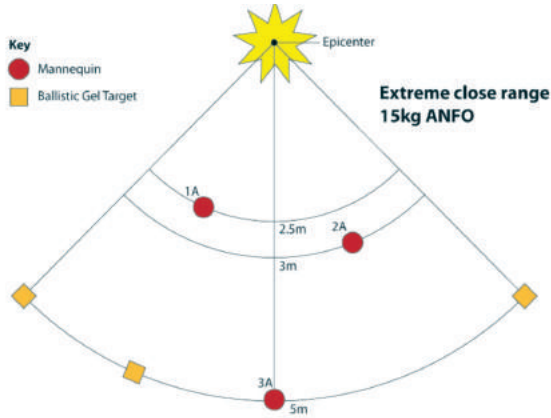

## EXTENSIVE INDEPENDENT TESTING

Ballistic firing range tests, standard V50 trials

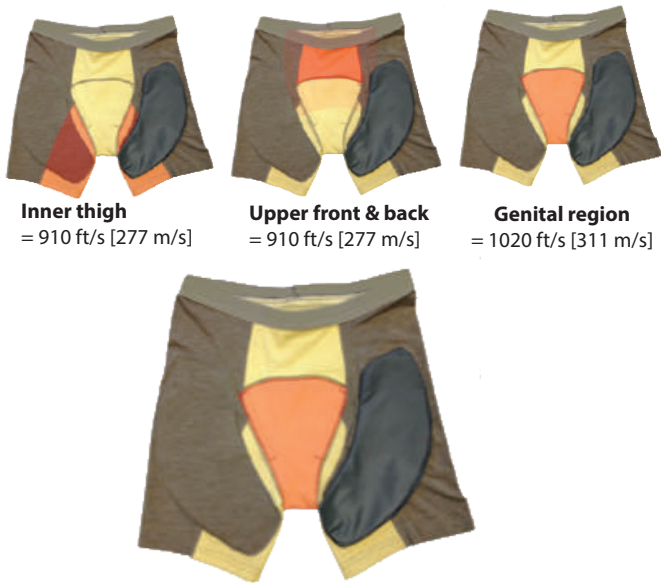

Blast tests - 15 Kilos (40lbs) of ANFO with 500gram (1lb) booster charge.

User comfort trials, including environment chamber trials at 104°F (40°C)

Accelerated debris firing. Patented design.

## PERFORMANCE Tested in accordance with MILSTD-662F | V50 2gr RCC

**Inner thigh**  
= 910 ft/s [277 m/s]

**Upper front & back**  
= 910 ft/s [277 m/s]

**Genital region**  
= 1020 ft/s [311 m/s]

## PROTECTIVE UNDER GARMENT

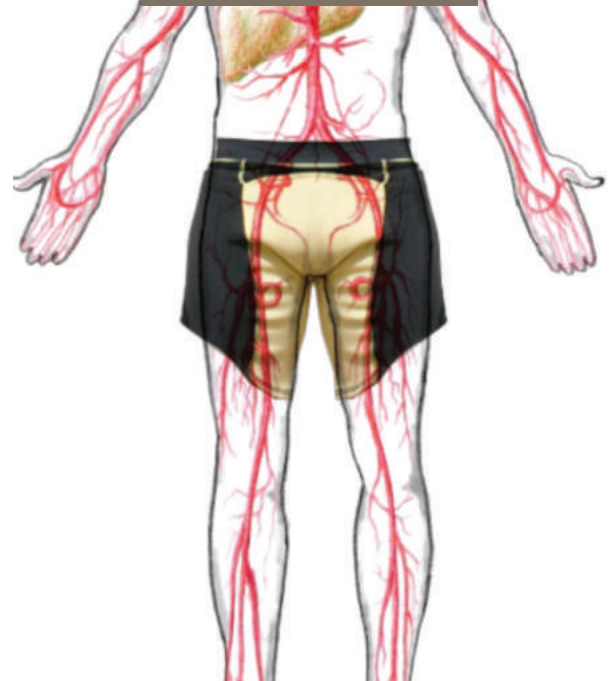

CODE: CB486

S      M      L      XL      XXL  
 CB486S   CB486M   CB486L   CB486XL   CB486XXL

These Protective Under Garments (PUG) offer protection against blasts & fragments from IED's, and help guard against life changing injuries to the perineum and femoral arteries.

- Comes with 2 pairs of inserts
- Patent number: US 8,561,213 B2

## Protects the femoral arteries

### Men's PUG sizes

	Waist
Small	28-30
Medium	32-34
Large	36-38
XLarge	40-42
XXLarge	44-46

### Ladies PUG sizes

	Waist
Small	25-27
Medium	28-30
Large	31-33
XLarge	34-36
XXLarge	44-46

# FULLY BLAST TESTED

Fragmentation penetrated only 1 layer

Ballistic gel with large fragment

Result from 15 kilo charge  
- Material still intact

Zero trauma to femoral artery area following 5 kilo charge

**"Soldiers on the front line are terrified by the thought of being maimed by IED.**

**Until now, there has been nothing to protect them." - Andy McNab**

External seams for comfort

The kevlar portion shields the perineal area

Dri Fire Mesh helps keep wearer cool

Extended inner leg protects femoral artery

**Dri Fire Side Panel**

**HELPS PREVENT BLAST AND FRAGMENT INJURIES TO BODY CAVITIES AND EXTREMITIES.**

MADE IN THE US

## BLAST BOXER™ MK I

<b>Small</b>	<b>Medium</b>	<b>Large</b>	<b>XLarge</b>	<b>XXLarge</b>
<b>CB298S</b>	<b>CB298M</b>	<b>CB289L</b>	<b>CB298XL</b>	<b>CB298XXL</b>

- Compression design conforms to the body with stretchy side panels
- Sculpted design Box brief styling with sculpted genital area, 4" fly opening and overlap of ballistic material at the fly opening
- Greater protection - less weight at just 141.7 grams (5oz)
- High fabric permeability - Breathable, just like wearing regular underwear
- High wicking fabrics allow sweat to evaporate quickly with minimal drying time
- Laboratory and field tested
- Garment fully lined with the soft comfortable fabric to minimise chaffing
- Flat locked seams for low bulk and low friction
- Internal heat transfer care label
- Anti-microbial fabric next to skin. Tested to AATCC 100 with 99% bacteria reduction after laundering in accordance to AATCC 135
- DuPont™ Kevlar® performance maintained after 25 washes at 105°F\*
- Berry Amendment and made in America Act compliant
- Patented
- The ballistic inserts are soft and highly flexible. They do not interfere with comfort during walking or running
- Insert cover is welded to make them waterproof
- Ballistic insert protection V50 17gr FSP = 1391.5 ft/s
- Can also be supplied without the ballistic inserts

# FLOATING ARMOR TORSO SYSTEM (FATS)

- Automatically inflates within approx 3 seconds of water immersion
- Lifejacket can be removed when not required and the body armor can be worn independently.
- Up to 275 Newtons of buoyancy
- Unique 4 point expansion

## AVAILABLE IN TWO SIZES:

### AIRCREW OR VEHICLE CREW

175 Newton bouyancy for Aircrew and vehicle crew.  
Lower profile for use in confined space.

175 NEWTONS - CREW VEST	BLACK	ATP CAMO
CL09S SMALL	CL09SB	CL09SMC
CL09M MEDIUM	CL09MB	CL09MMC
CL09L LARGE	CL09LB	CL09LMC
CL09XL X-LARGE	CL09XLB	CL09XLMC

### MARINES, NAVY AND COASTGUARD

270 Newtons for use during land assaults, ship boarding and general boat use. Large capacity for when wearing/ carrying a rucksack, heavy belt kit and weapons.

275 NEWTONS - NAVY VEST	BLACK	ATP CAMO
CL10S SMALL	CL10SB	CL10SMC
CL10M MEDIUM	CL10MB	CL10MMC
CL10L LARGE	CL10LB	CL10LMC
CL10XL X-LARGE	CL10XLB	CL10XLMC

This innovative system provides comfortable armour with an integrated life jacket.

The removable inflatable stole is located underneath the high performing level IIIA armour pack. This protects the wearer and the life jacket from bullet or fragment threats. Having the lifejacket under the body armour also gives it a low profile close fit. Other body armours with a neck external lifejacket catch on the helmet.

The gas inflatable stole is kitted out with an automatic trigger which deploys within seconds in water. The armour vest expands around with the bladder when activated to provide continuous protection. Extensively independently tested.

Available with a 175 Newton and a 275 Newton floatation capability.

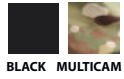

- Tabard style tactical armour vest
- Fully functional all-round MOLLE system to suit the task in any terrain
- Removable inflatable lifejacket (Stole), with a choice of 175N or 275N capability
- Vest expands with the inflation of the stole
- Self rights the wearer to clear airways from the water
- Adjustable at the sides
- Internal elasticated waistband distributes the load of the vest
- Rear grab handle facilitates emergency extraction
- Mesh lining for better airflow and rapid drainage
- Bladder is removable so the body armour can be used alone
- Easy access bladder for re-arming, servicing and cleaning

PERHAPS THE BEST FLOATING BODY ARMOUR AVAILABLE

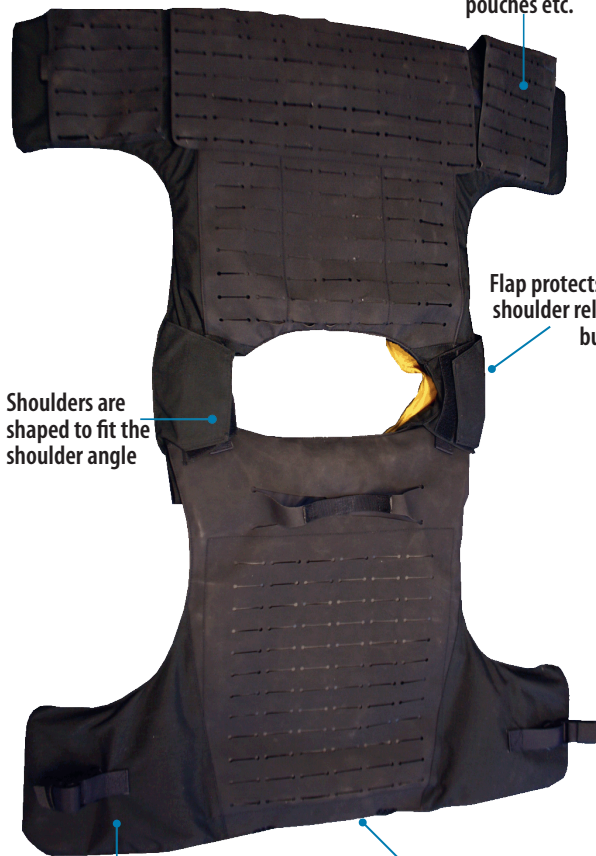

- Lightweight PU coated Nylon 500 denier outer fabric
- Removable and adjustable crotch strap
- Water resistant aramid used
- Ballistic inserts made of low density and buoyant Ultra High Molecular Weight Polyethylene (UHMWPE)
- Inserts protected with welded lightweight waterproof covers
- Choice of protection tested in accordance to NIJ 0101.04 or NIJ 0101.06
- Front and back 10"x12" hard armour plate pockets
- Protection level NIJ IIIA

OTHER AVAILABLE COLOURS

Side flaps protect the side adjustment buckles and provides HYPALON for pouches etc.

Shoulders are shaped to fit the shoulder angle

Flap protects the shoulder release buckle

25mm female buckle

Garment edge is edge stitched

Grab handle on back

Stand off ribs help air circulation

Plate pouch

# CAMOUFLAGE

## CAMOUFLAGE CREAM

The only near Infra-Red Reflectance (N-IRR) camouflage cream available worldwide

- High sun protection factor – (SPF up to 68 depending on colour)
- Good for your skin
- Made from natural ingredients
- Soft and hard formulas
- Numerous color combinations – can also be custom made for you

**"THICK APPLICATION OF THE CREAM SIGNIFICANTLY LOWERED REFLECTANCE VALUES OBTAINED, WITH RESPECT TO BARE SKIN, ELIMINATING THE N.I.R. (NEAR INFRA RED RADIATION) CAPABILITY OF THE SKIN"**

**\* Conclusion of the Defence Evaluation and Research Agency (DERA now DSTL) test report.**

Easy to apply

Gives a smooth and opaque finish

Non-irritant

High sun protection factor

Water and sweat-proof base

Does not graze or attack visors, glasses, or other plastics

Dries in under 5 minutes

Aroma free

Long shelf life

Stable in arctic, tropical, and desert environment

Variety of colours available

Supplied in robust containers

Complies with specification UK/SC/5772 Issue 5

Made in the UK

# CAMOUFLAGE FACE CREAM 1oz (30G)

Long lasting, sweat proof and easy to apply formula, also available in a convenient squeeze tube.

### CHAMELEON CAMO COMPACT

**Code: CL1482A** (Woodland)

Shorter, softer formula. Easy on and off. Ideal for colder weather  
NEW

**Code: CL1482D** (multi-terrain)

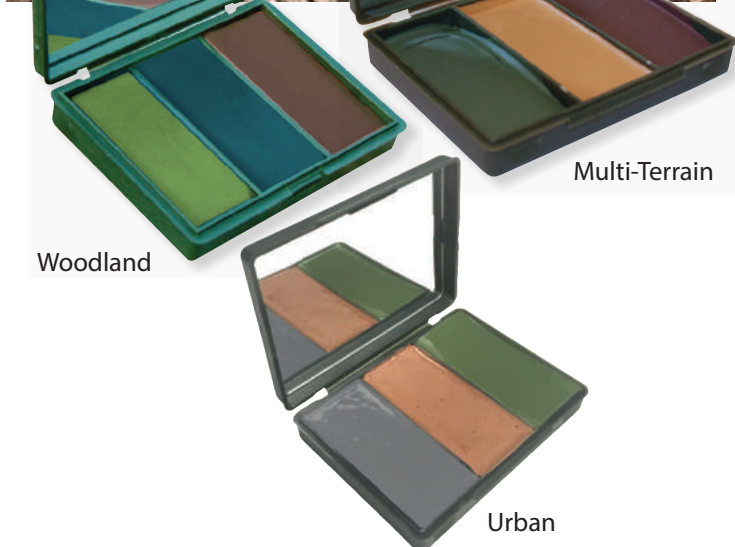

Long term harder formula. For longer patrols / exercises. Better in warmer weather.

BCB are the current suppliers of 3 colour compact camouflage cream to the British MoD and many NATO forces.

The strong ABS plastic compact fits easily in your pocket or pack

- Deep matt black, olive, green and service brown or multi-terrain, olive green and service brown
- Deep dark colours
- New longer lasting formula
- Tan is also available to special order.

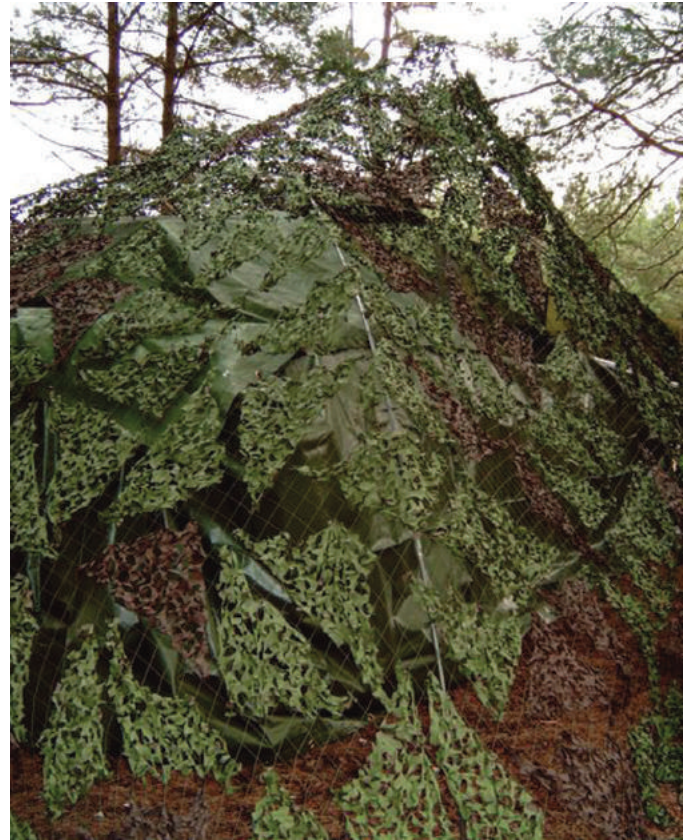

**NATO approved:** NSN-6859-99-978-5980  
**Size:** Compact size: 3" x 3" x 3/4" (8 x 7 x 1.5cm)  
**Weight:** 1.4oz (40gram)

# CAMOUFLAGE NETS

- Lightweight
- Thermal infra-red 3D disruption
- Strong, durable and extremely robust
- Matt anti-reflective printing

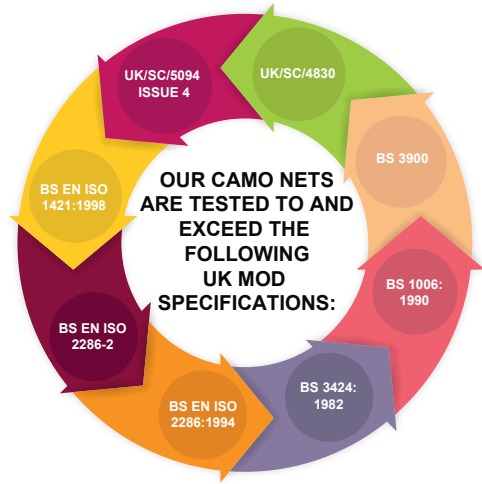

24

CAMOUFLAGE

## CAMOUFLAGE NETS AND CONCEALMENT SETS

- 3D helps break up the objects outline, and reduces signature
- Woodland – Desert – Mountain/Moorland –Arctic – Arid – or custom made
- Excellent colour fastness to U.V, water and abrasion resistance
- Suitable for all climatic conditions from -40°F to +158°F. Remains pliable in extreme temperature ranges
- U.V treated, mould and rot resistant
- Non toxic, lightweight, waterproof garnish.
- Quiet and rustle free
- Made to UK MoD specifications

# COOKING

## FIRE DRAGON - MILITARY COOKING BIOFUEL

- Made from natural ingredients
- Non toxic
- All Weather
- Easy to light
- Long burn
- Can be used as a hand cleanser

BCBs new all-weather biofuel FireDragon is made from UK sourced ethanol. FireDragon Fuel can be used in most cooking stoves and barbecues, as well as for fire lighting.

- Ideal in the outdoors to cook your rations and boil your brews quickly, safeguard your health, while protecting the environment.
- Our fuel is non-toxic, non-drip and made from 100% natural renewable ingredients.
- It is easy to light, burns cleanly and independent research shows that it boils quicker than all other solid fuels.
- In the driving rain, the freezing Arctic, at high altitudes or searing heat, FireDragon will perform in the most extreme conditions.

### Clean burn

The gel produces very little soot on the bottom of your pan.

### Air transportable

Safe to be packed and transported on cargo planes by air.

### Long shelf life

FireDragon has a shelf life of more than 5 years

### Safe to be packed with food.

### Patented

Unique patented technology granted worldwide. Patent number: 2500062 22-01-2014

### Hand Cleanser

### All Weather

### Quick & easy to light

### Clean burn

# Fire Dragon beats:

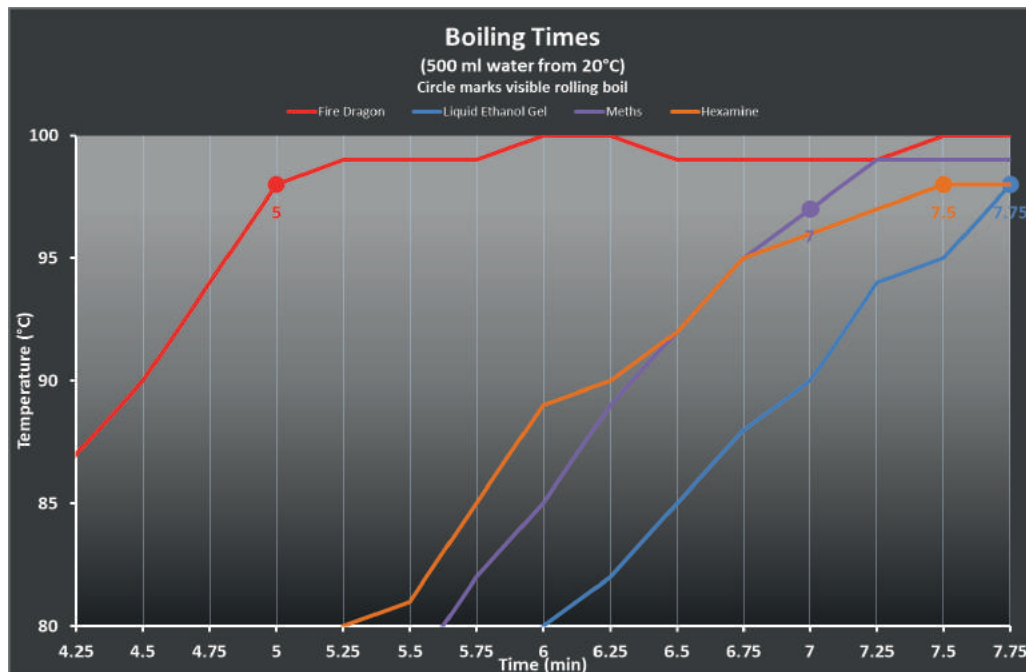

- ✓ **Hexamine** which gives off Cyanide
- ✓ **Trioxane** which gives off Formaldehyde
- ✓ **Gas fuels** which are unable to be transported by air
- ✓ **Methyl Esters** which give off a lot of soot

In extensive field testing by the British Army, FireDragon proved to be the best of all five fuels tested.

## Comparison table - Better than the rest!

	Hexamine	Trioxane	Butane Gas	Methyl Ester	FireDragon
Non-Toxic	X	X	✓	✓	✓
Renewably Sourced	X	X	X	✓	✓
Suitable for extreme conditions (wind & rain)	X	✓	✓	✓	✓
Burns whilst wet	X	X	✓	X	✓
Easy to ignite	X	X	✓	X	✓
Odourless	X	X	✓	X	✓
Hand cleanser	X	X	X	X	✓
Low soot	X	X	X	X	✓
Safe for wildlife	X	X	✓	✓	✓
Long shelf life	✓	✓	✓	✓	✓
Air transportable	✓	✓	X	✓	✓
Indoor & outdoor use (provided suitable airflow)	X	X	✓	X	✓
Low luminosity flame	X	X	✓	X	✓
Made in the UK	X	X	✓	X	✓

## Performance table - Quicker than the rest!

FireDragon releases more heat energy and at a faster more consistent rate within the first five minutes of burn compared to hexamine and other solid fuels tested... FireDragon had an average ignition time of 2 seconds. Hexamine by comparison was 9.5 seconds...

**START** Quick, simple & easy to Ignite

**3 MINUTES** Starting to boil. Little flame visible

**5 MINUTES** Rolling boil. No smell

"The small FireDragon tablets are easy to use and fit perfectly into my survival tin and mess kit"

Sgt, Special Forces

## FIREDRAGON GEL FUEL

CODE: CN336D 35OZ (1 LITRE)

CODE: CN336C 8.5OZ (250ML)

MADE IN  
BRITAIN

Our all-weather gel biofuel derived from FireDragon Solid fuel technology. It is made from renewably sourced ethanol.

FireDragon Gel Fuel can be used in multi-fuel outdoor cooking stoves, and barbecues, as well as for fire lighting.

- Ideal in the outdoors to cook your rations and boil your brews quickly, safeguard your health, while protecting the environment.
- Non-Drip - The non-flowing gel and bottleneck widge prevent leakage.
- Our fuel is non-toxic, non-drip and made from 100% natural ingredients.
- It is easy to light, burns cleanly and our research shows that it boils quicker than most other non-gas fuels.
- In the driving rain, the freezing Arctic, at high altitudes or searing heat, FireDragon will perform in the most extreme conditions.

COOKING  
&  
FIRE LIGHTING

## FIREDRAGON SOLID FUEL

CODE: CN336B (CASE 50 - PACKS EACH 6 X 27G)

MADE IN  
BRITAIN

A new innovative environmentally friendly solid fuel.

- Non-toxic and odourless
- Highly effective, high burn fuel
- Easy and quick to ignite - use the flint, match or lighter.
- Low luminosity
- Very little soot given off, so doesn't dirty your cooking pot or mess tin.
- Easy to store and handle
- Safe to be packed with food
- High calorific value 28,000 kJ / kg
- Suitable for all weather conditions
- Each block will burn for about 8 minutes
- Will light & burn even when wet
- Can be used with a variety of cookers
- Made from sustainable, natural biofuel

## MULTI-FUEL LIGHTWEIGHT COOKER

CODE: CN337

This high quality cooker is made from aluminium and it is small and lightweight. It comes with a wind shield and fuel receiver. The fuel receiver adds to the performance of the system as it helps to channel and focus the flame up onto the cooking vessel, effectively like a chimney. The central fuel receiver helps to improve the burn efficiency so improving your cooking time and reducing the amount of fuel you need.

You can store 3 FireDragon solid blocks inside the folded closed stove. Ideal while carrying and storing.

- Easy to use
- Compact
- Lightweight
- Efficient
- You can burn many fuels (not petrol) in its central fuel receiver
- Waterproof
- Reusable
- Military issue
- NATO approved

**Weight:** 3.8oz (110g)

**NATO approved:** NSN-7310-99-587-4226

**Size when closed:** 4.5" x 2.7" x 0.9" (115L x 70Wx 25Hmm)

BEST COOKER  
IN RECENT  
TRIALS

## THE DRAGON MULTI-FUEL COOKING SYSTEM WITH WATERBOTTLE

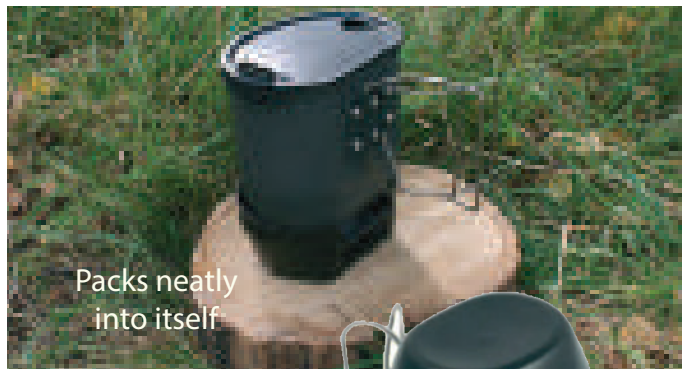

CODE: CN023B

A neat, all-in-one, professional, strong, multi-fuel cooker, drinking cup, aluminium cooking cup and water bottle. Similar to military issue, each item fits neatly inside the other and also 'around' the water bottle so it's **compact for you to carry**. All contained in a handy belt-pouch, also included.

It is **quick and easy to use** with any solid or gel and most liquid fuels.

- Multi-fuel
- **Lightweight & very strong**
- Quick efficient cooking fuel
- The metal cup is **hard-anodised**, giving it an easy to clean finish
- **Compact** - all handles fold away, and it concertinas into itself
- The Boil time of 500ml of water with an ORP retort ration is an incredible **5.5 minutes** when using the fantastic FireDragon fuel
- The Pouch can be **MOLLE** mounted onto belts, rucksacks or body armour it is all shaped to **fit around your body**.

## MINI MESS BOX

CODE: CN550

A super lightweight, airtight aluminum tin with locking roller clasps. It features a rubber seal within the lid, and is useful as a storage tin for personal survival equipment.

**Size:** 5" x 3.5" x 1"

**Weight:** 4oz (95grams)

NOW  
WITH AN  
EXTRA LONG  
STRIKER  
BOARD

## SURVIVAL MATCHES

(25 MATCHES)

CODE: CN327A (1 X 25 MATCHES)

CODE: CN325 (2 X 25 MATCHES)

Stronger and more effective than a standard match.

These matches have extra long heads and will continue to burn through strong winds and rain.

- Hand-dipped and varnished
- Each waterproof container includes 25 matches.

**NATO approved:** NSN-9920-99-665-4242

## FIREBALL FLINT & STRIKER (MINI)

CODE: CN340M

- Lightweight
- Compact
- Separate hardened hacksaw blade creates a large striking surface area with its teeth.

**Length:** 3"

**Weight:** 1.3oz (40grams)

## FIREBALL FLINT & STRIKER (GRAND)

CODE: CN340

The original fire starters just got better.

- The two new designs are more comfortable and safer to use.
- Both have a small liquid filled button compass in the handle.
- The flint and striker of Grand Fireball slide and lock together.
- The long flint gives a great shower of hot sparks

**Length:** 4.5"

**Weight:** 1.6oz (50grams)

## MATCHLESS FIRE SET

CODE: CN335A

The pouch contains 3 FireDragon solid fuel blocks, six cotton wool balls, and a Sparkie fire-lighting flint. This kit has the advantage of lasting much longer than a box of matches and its components are sealed. Standard R.A.F. issue for survival kits

- More than 5 years shelf life when sealed
- Easy opening tear notch
- Will work in the rain
- **NATO Number:** NSN-4220-99-403-2117

**Packed size:** 5.9" x 51.18" x 1.18cm

**Weight:** 125grams

# HYDRATION

## JETSTREAM

CODE: CR802

**Large:** top and side opening

**Strong:** 500 denier multicam cordua

**Lining:** Closed cell foam lined pouch for insulation and protection.

**Shoulder straps:** Lightweight shoulder straps are removable so the system can be attached to the larger packs, yokes and makes it easier to fit into your rucksack.

**Fabrics:** Polyamide fabric available in Multicam or Black

**Attachments:** 6 'D' rings and 4 side release buckles, to attach to the outside of payload day sack

**Access opening:** Easy access double zip extends down the pack and provides opening for the drinking tube over the shoulders or under the arm.

**Capacity:** Reservoir: 3 Litres (5 pints)

**Weight:** 280grams (9.8oz)

Removable straps

Zipped pocket

Top and side double heavy duty zip

Supplied & fitted with

CR802M (Multicam) CR802B (Black)

Quick removable connection

Dustcap

**Capacity:** 100 oz (2834grams)

**Weight:** 113 grams(4oz)

**Dimensions:** 17.3 x 6.5 in (44 x 16.5 cm)

## 3 LITRE REPLACEMENT RESERVOIR

CODE: CR816

- Slide-Seal™ Top - opens wide and seals tight
- Surge™ Valve - silicone, 45 degree, high flow bite-valve with twist shut off
- Protective dust cover
- Hydrafusion™ Tube – ballistic TPU extrusion to insulate and protect
- Plug-N-Play™ Connector - quick disconnect for convenient tube removal
- Can be frozen or filled with warm water (max temp 140°F / 60°C)
- Inline filtration compatible
- Reversible and anti-microbial to help prevent bacteria & mold
- 100% BPA and PVC Free
- Durable, built for a lifetime of tough use, No-Leak™ Lifetime Guarantee
- Berry Compliant

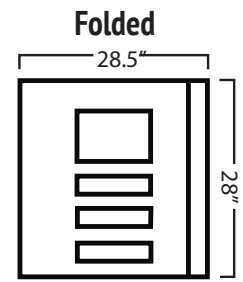

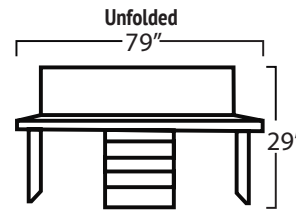

# CAMP KIT

## FIELD DESK CODE: FF002

- Robust, lightweight and space efficient
- Fire retardent
- Fully tested, military and NATO approved

Originally designed for the military, the desk is simple and functional, with the addition of a removable security screen.

Robust, lightweight and space efficient (when stored) system. Can be used with the field chairs.

- Simple and intuitive to deploy (from storage/ transportation state) in less than 2 minutes by untrained personnel.
- Storage of paperwork, whilst allowing them to be hidden from view for privacy when needed.
- Simple storage and organisation of small amounts of paperwork and laptops.
- Working surface for general office duties, including those conducted by hand and/or typical IT systems.
- Comfortable for use in either a seated or standing position for the 5th percentile female to the 95th.
- Stable in use, including when used on moderately uneven ground

## FIELD DESK PRIVACY SCREEN

CODE: FF003

The original fire starters just got better.

- PVC coated on both sides
- Woven nylon, Weight - 185 gsm, Yarn - 940 dtex
- Resistant to fire damage and the spread of flames.
- Fits into a drawstring bag and can be placed into the draw in the of the Field Desk.

**Size:** Unfolded: 193cm x 45.5cm x 1cm

**Weight:** 56oz (1.6kg)

**NATO Number:** 7110-99-842-6465

## FOLDING STOOL

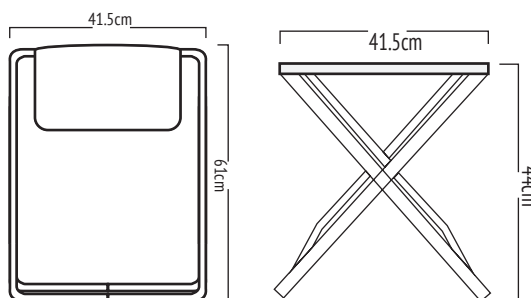

CODE: FF004

- Flame retardant
- Stackable
- Anti liquid absorbent
- Comfortable
- Stable
- Wipe clean material
- Rubber feet for extra grip
- Frame work: 0.87" diameter, steel
- Seated Pad PVC 17.12" x 10.8"
- Folded size: 16.3" x 1.96" x 24"
- Unpacked size: 16.3" x 17.32" x 17.32"

NATO approved: NSN-7105-99-912-2211

Tested to conform to:  
BS EN 581  
BS EN 16139

## FOLDING CHAIR

CODE: FF009

Robust and lightweight. Will fit comfortably and interoperable with the folding table and field desk.

- Heavy duty plastic
- Comfortable and stable
- Stackable and can be easily carried by one person
- Plastic feet for extra grip and stability
- Strong HDPE Plastic Panel Thickness: 2.24"
- Powder coating Finished Steel Frame: 1.10" x 0.039"
- Packed size: 6.69" x 18.5" x 45.27"
- Unpacked size: 20.4" x 18.5" x 35"

NATO approved: 7105-99-729-8853

Tested to conform to:  
BS EN 581  
BS EN 16139

## FOLDING TABLE

CODE: FF002

A strong and durable table with reinforced steel legs. The legs fold up and it has a hygienic toughened plastic top.

- HDPE Plastic Panel Thickness: (approx.) 2"
- Powder Coating Finished Steel Frame: 1.10" x 0.03"
- Color: Plastic panel: Beige / Steel leg: Grey
- Overall size: 73.2" x 29.9" x 28.7"
- Packed size: 73.2" x 30.3" x 1.77"

NATO approved: NSN-7110-99-555-5662

Tested to conform to:  
BS EN 581  
BS EN 16139

## FOLDING BENCH

CODE: FF001

Folds in half and legs fold in. With carry handle.

- HDPE Plastic Panel Thickness: 1.7"
- Color: Plastic panel: Granite/ Steel leg: Grey
- Overall size: 71" x 10.5" x 17"
- Packing size: 35.5" x 10.5" x 3.14"

NATO approved: NSN-7110-99-684-5013

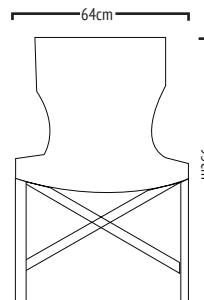

Tested to conform to:  
BS EN 581  
BS EN 16139

## FOLDING CHAIR WITH ARMS

CODE: CT984

This folding chair is made for comfort and portability. With padded arms, this folding chair is lightweight, collapsible and easy to use.

- Stable
- Flame retardant
- Anti-liquid absorbent
- It avoids point loading, as each leg has a strong wide foot on the bottom.
- Very comfortable with padded arms
- This product is manufactured from 600 x 300D/PVC + high quality waterproof
- Polyester Wadding inside.
- Dimensions: 25" x 25" x 37.5"

Tested to conform to:  
BS EN 581  
BS EN 16139

## FOLDING CAMP BED

CODE: FF006

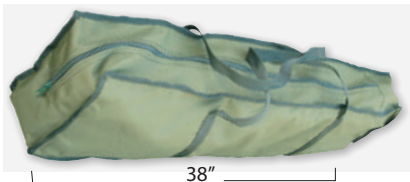

Constructed from a lightweight aluminium frame and robust polyester canvas.

Folds into a compact carry bag.

Military approved and tested.

- Strong & robust
- Quick & easy to assemble
- Strong aluminium frame.
- As supplied to U.K. and NATO forces
- Stable on moderately unstable ground
- Manufactured of fire proofed fabric
- Comfortable for 8 hours +
- Anti-corrosion treated lightweight alloy
- Cover 500D Polyester ripstop material
- Packed size: 38" x 7" x 8"
- Unpacked size: 77" x 30" x 17"

NATO approved: NSN-7105-99-669-8141

Tested to conform to:  
EN 581-1: 2006  
EN 581-2: 2009

## CAMP COT BED MATTRESS

CODE: FF007

It is lightweight and space efficient when stored. Capable of resisting excessive absorption of water/fluids. Very comfortable when used in all climatic condition.

- Fire retardant
- Ease of packing with 5 folding sections
- Hygienic and washable
- Unpacked size: 78" x 25" x 19"
- Packed size: 25" x 13" x 12.5"

NATO Approved: NSN- 7210-99-695-4361

Tested to conform to:  
BS7177:2008 + A1 2011 Domestic use  
BS EN 597-1: 1995 Resistance to ignition with source

## BED - INSECT NET PROTECTOR

CODE: FF008

A compact, robust close weave polyester mosquito net. The net is supported by two aluminium poles which create a dome effect to ensure the mesh is pulled away from sagging and allowing insects to enter.

- Fixes into Camp Cot Folding Bed
- Waterproof ground sheet resistant to fire damage and the spread of flames
- Cot or field use, with base waterproof plate with noiseless material.
- Products material all match WHO standard - permethrin impregnated. This lasts for 6 months use. Then reimpregnate.
- Easy setup - about 8 minutes
- Two door (side entry)
- Net top can hang 2 lb torch, book storage bag and other personal items (limited to 5.5lb)
- 2 x long 9 section elasticated strong poles
- Unpacked size: 86.6 x 31.4 x 43.3"

## HANGING COLLAPSIBLE WARDROBE

CODE: FF005

The collapsible wardrobe is used by tri-service force units as a lightweight and space efficient, personal administration and storage aid within tented accommodation.

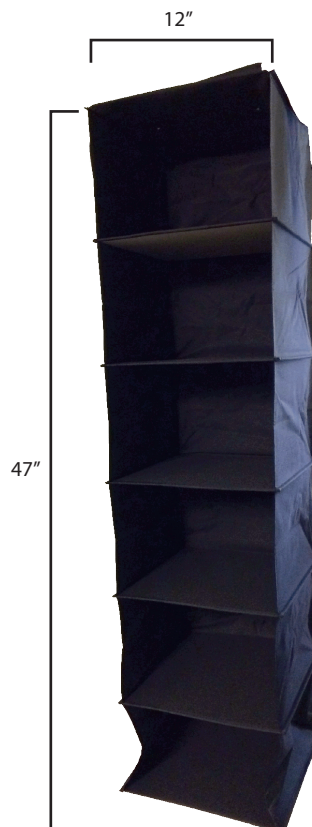

- Simple and intuitive to deploy (from storage/transportation state) in less than two minutes by untrained personnel.
- Capable of being threaded onto the tent frame when deconstructed, and retro fitted to the constructed tent frame. The ITC tent pole is 2.00 inches in diameter.
- Capable of allowing simple field repairs to be made
- Robust
- Material is resistant to fire damage and the spread of flames.
- **Distributed load: 44 lb**
- Hangs from your tent pole.

**Material:** 600D Fire Retardant canvas with 2mm cardboard stiffening for shelves. Velcro on top to also secure to a tent pole 450mm round.

**Packed:** 12" x 12" x 6"

**Unpacked:** 12" x 12" x 47.2"

**NATO approved:** NSN-7105-99-495-1124

Integral mosquito net

### OBSERVER PLUS CODE: CT007

The perfect observation bivy bag with self-standing double pole support.

- Two tent poles form a small dome at the head end which provides enough space for the user to handle Binoculars, a fishing rod, or other piece of equipment.
- The bivy bag slopes down from the shoulder to the foot end thus preventing straight lines which are easily spotted.
- The L-shaped opening makes it convenient to get in and out of the bag which can be closed with 2 zippers.
- All zippers are protected by a specially designed storm flap to make them absolutely waterproof.
- The big observation opening at the front allows an observation range of 180° and can be closed completely in bad weather.
- Both the observation opening and the access opening are fitted with a mosquito net.
- There are 5 loops on the back of the Observer to hold the insulating mat in place.

13.8x4.5"

Inches

Packing size: 13.8 x 4.5" (35 x 12cm)  
 Weight: 13.72 oz (1.75kg)

### MINI HAMMOCK CODE: CT430C

- Extremely strong 1" (2.5cm) mesh
- Includes 6ft (2m) rope
- Lightweight
- Breaking strain: 220 lb

106"

Inches

## XPTWO PLUS GORE-TEX® BIVI BAG

**CODE: CT981**

A generously sized bivi bag with extra space around the head & torso to keep essential equipment at hand.

- Comes complete with a tent pole arch over the head area.
- The L-shaped opening can be sealed via 2 x zippers covered with waterproof storm flaps.
- Five external loops can be used to secure an insulating mat beneath the bag.
- Integral mosquito net
- Tent pole arch
- Packed size: 13.8 x 3.9"
- Unpacked size: 41" x 98.4" x 30"

**Color:** olive green

39

CAMP KIT

## SELF INFLATING MAT

**CODE: CT650D**

Extra thick foam makes it ideal for use on stoney terrain.

- Brass inflation valve. If required the mat's inflation can be topped up orally via the valve.
- Top: PVC with a non slip taffeta coating
- Base: PVC with a non-slip polyester coating
- Fastening straps supplied
- Foam: Polyurethane 24kg/ m<sup>3</sup>
- Quick & easy to assemble
- Folded size: 7.4" x 12.5"
- Opened size: 74.8" x 1" x 23.5"
- Load limit: 441lb maximum
- Stuff bag

**Top Colour:** Dark Green

## FOLDING SLEEPING MAT

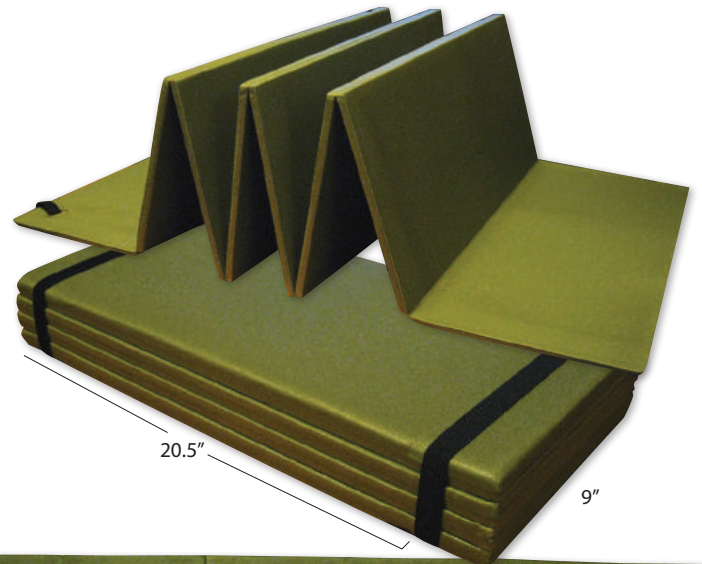

CODE: CT650B

This new foldable sleeping mat fits inside your rucksack

- It combines durability and non absorbent qualities as well as insulation and compression resistant
- Can be used as a sit mat when folded
- It can be used fully unfolded or in a number of combinations
- Material complies with UK military standard
- Compression resistant
- Folded size: 20.5" x 2.4" x 9"
- Unfolded size: 71" x 20.5" x 0.3"

Color: Olive Drab

Density: 50kg/m<sup>3</sup>

## INFLATABLE AIRBED

CODE: CT649

This new inflatable airbed is mummy shaped for maximum comfort.

- Lined with foam
- Mummy shaped for snug fit
- Materials (Top): 210t diamond ripstop polyester coated pvc orange
- Materials (Base): doobby polyester coating pvc + foam
- Packed size: 6.2 x 10.2"
- Inflated size: 70.8 x 19.6 x 1.1"

Size inflated: 180 x 50 x 3 cm (70.8 x 19.6 x 1.1")

Size packed: 16 x 26 cm (6.2 x 10.2")

Weight: 770g (27oz)

SURVIVAL

## PRINTED SURVIVAL BAG

CODE: CL044

A highly visible, heavy duty, full sized poly bag printed with survival information covering fire making, navigation and shelter.

- 500g heavy duty poly-bag
- Highly day-glo orange colour

Weight: 12.1oz (345grams)

NATO approved: NSN-8465-99-684-4041

## FOIL HYPOTHERMIA BLANKET

CODE: CL041 OLIVE/SILVER

The lightest and most compact blanket in our range. Truly pocket sized, it assists in the retention of up to 90% radiant body heat.

Available in plain silver or with an olive outer. Lightweight foil sheet

Size: 84"x 54"

Weight: 1.7oz (50grams)

NATO approved (Silver): NSN-7210-99-991-0460

### TACTICAL MILITARY SURVIVAL TIN

CODE: CK019

This is an upgraded vacuum-packed version of the combat survival tin

- Contents\*: > water resistant tin
- > vinyl tape > button compass
- > knife > pencil > purification tablets
- > snare wire > candle
- > fireball flint & striker > fishing kit
- > whistle > sewing kit > safety pins
- > wire saw
- > signal mirror > tin hanging handle
- > tinder > water bags > single edged razors
- > adhesive plasters
- > survival instructions > accident evaluation form

Size: 4.5" x 3 x 1"  
 Weight: 7.7oz (220grams)  
 NATO approved: NSN-8645-99-147-7134

### PERSONAL SAFETY KIT

CODE: CK528

A compact, pocket sized survival kit with all the bare necessities.

- Contents\*: ■ button compass ■ distress whistle ■ fishing kit ■ safety pins ■ multi-purpose cord ■ plasters ■ purification tablets ■ candle ■ survival instructions

Size: 3.8 x 2.9 x 0.7"  
 Weight: 2.3oz (68grams)

### ULTIMATE SURVIVAL KIT

CODE: CK004

Packed into our lightweight mini mess tin with a rubber seal and roll over clasps.

- Contents\*: ■ water bag ■ nylon cord ■ button compass
- candle ■ flint & striker ■ tinder ■ fishing kit
- mini multi-tool ■ sewing kit ■ purification tablets ■ safety pins
- single edge razor ■ salt sachets ■ signal mirror ■ whistle ■ snare wire
- wire saw ■ grip lock bag ■ pencil ■ survival instructions

Size: 5.25" x 4" x 1.25" approx.  
 Weight: approx 8.8oz (250grams)

### COMBAT SURVIVAL KIT

CODE: CK015

- Contents\*: ■ water resistant tin ■ vinyl tape ■ button compass ■ knife ■ matches ■ pencil ■ purification tablets ■ snare wire ■ candle ■ fireball flint & striker ■ fishing kit ■ whistle ■ sewing kit ■ safety pins ■ wire saw
- survival instructions ■ accident evaluation form

Size: 4.5" x 3" x 1"  
 Weight: 6.87oz (195grams)  
 NATO approved: NSN-8456-99-126-6980

## WATERPROOF SURVIVAL KIT

CODE: CK050

A waterproof roll-sealable pouch containing a survival kit.

- Lightweight
- Watertight seal
- Belt attachment
- Drawstring cord to loop over your neck

**Contents\*:** ▪ mini folding knife ▪ **button compass** ▪ water purification tablets x 10 ▪ **dry bag** ▪ micro torch ▪ **signalling mirror** ▪ duck tape ▪ **accident evaluation form** ▪ razor blades ▪ **nylon cord** ▪ nightlight ▪ **pencil sewing kit** ▪ **gold wire (12ft)** ▪ fishing kit ▪ **wire saw** ▪ distress whistle ▪ **fireball flint & striker** ▪ survival instructions ▪ **safety pins x 6**

**Size:** 4.7" x 7.6"

**Weight:** 6.9oz (198grams)

## PREPPERS SURVIVAL KIT

CODE: CK047.

**Contents\*:**

› **tommy cooker** › 2" mayday signal mirror › **hypothermia space blanket** › emergency poncho › **24 in 1 tool kit** › insect repellent 25g stick › **personal first aid kit** › oxford note pad & pencil › **cleansing wet wipes** › 15ml steridex hand cleaner › **can openers** › duck tape › **survival bag** › paracord › **lifesaver 1 first aid kit** › firedragon gel fuel 250ml › **cut resistant gloves** › emergency preparedness guide › **bucket** › accident evaluation report › **single edged razor blades** › white nylon cord (1 mtr) › **nightlight** › pencil › **sewing kit** › gold wires 12ft › **fishing kit** › wire saw › **distress whistle** › flint & striker › **survival instructions safety pins** › grip seal bag

**Size:** 14.7 x 13.7"

**Weight:** 8.8lbs (4kg)

## SURVIVAL SYSTEM

CODE: CK1224

This survival system is supplied in a camouflage belt pouch.

**Contents\*:** ▪ **button compass** ▪ blade ▪ **camo** ▪ water tablets x10 ▪ **snare wire** ▪ candle ▪ **flint & striker** ▪ whistle ▪ **sewing kit** ▪ safety pins ▪ **wire saw** ▪ survival instructions ▪ **accident evaluation form** ▪ signal mirror ▪ **water bag** ▪ nylon cord ▪ **foil tray** ▪ sleeping bag

**Size:** 6.3 x 6.4"

**Weight:** 9.3oz (264grams)

**NATO approved:** NSN-8465-99-666-0418

## GO PACK

CODE: CK014

A convenient belt pouch consisting of 2 clear compartments filled with essential survival components, supplied in a beige pouch.

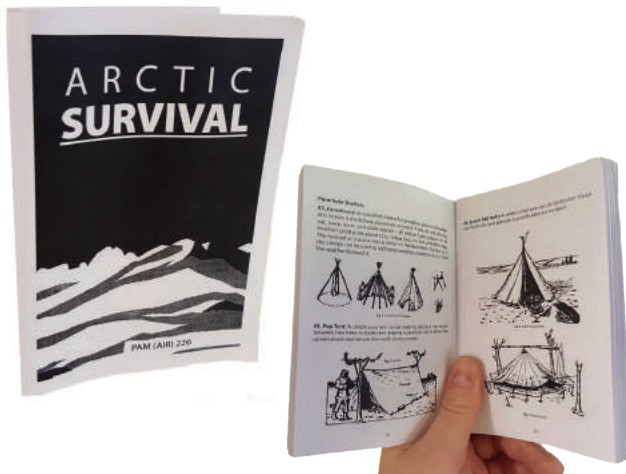

**Contents\*:** ▪ **button compass** ▪ knife/blade ▪ **matches** ▪ pencil ▪ **purification tablets** ▪ snare wire ▪ **candle** ▪ flint & striker ▪ **whistle** ▪ sewing kit ▪ **safety pins** ▪ wire saw survival instructions ▪ **accident evaluation form** ▪ signal mirror ▪ **nylon cord** ▪ foil tray ▪ **sleeping bag** ▪ water bag

**Size:** 6.5" x 6.5" x 1.5"

**Weight:** 9.5oz (270g)

**NATO approved:** NSN-8465-99-666-0148

## ARCTIC SURVIVAL MANUAL

CODE: CD301

An essential and invaluable resource for emergency survival in extreme cold weather conditions.

- Packed full of useful information based on military training
- 69 pages
- Small handy pocket size 5.82" x 4.17" x 0.15"

## COMMANDO CHAIN SAW IN MULTICAM POUCH C/W WEBBING STRAPS

CODE: CM023

A pocket sized, heavy-duty survival saw made from riveted sections of band-saw style blade. It will cut anything from a thin branch to a large trunk comparatively easily.

- Bi-directional cutting
- Tapered teeth prevent blade sticking whilst cutting
- Can be thrown over high branches for cutting above head height
- Useful for survival, wood clearing, travelling and gardening
- Fantastic performance for its size
- Two handle styles - String loops
- Pocket Chain Saw fits into a small pouch (supplied)

Weight: 1.55 oz (44 grams)

Length: 24"

## COMMANDO LIGHTWEIGHT WIRE SAW

CODE: CM020A

Our popular patented wire saw just got better. The tightly woven (8 wire) stainless steel saw now offers increased life span and reduced weight. With the addition of wrist loops they can now be used more comfortably and for longer in more demanding conditions.

- The original and still the best wire saw
- Can be used for escape and evasion
- Will cut wood, plastic and bone
- Can still be made into a bow saw
- Two handle styles - Wrist loops

NATO approved: NSN-5110-99-565-2549

Length: 28"

## ELASTICATED BUNGEEES

CODE: CM031

Multi-purpose robust essential around the camp.

- Heavy duty
- Strong rubber coated metal hooks
- 3ft length
- 4 per pack

## PARACORD

CODE: CM030

Olive paracord useful to soldiers and woodmen alike.

- Strong and long
- Breaking strain of approx 110 lbs
- Protective wear resistant sheath
- Braided inner cord can be used as fishing line or for sewing

Length: 50ft

## MINI-WORK TOOL

CODE: CM024

This credit card size stainless steel multi-tool is packed with features:

**Tools include:** Knife, wire stripper, wood saw blade, various size wrenches, bottle and can opener, bearing plate for a button compass, flat edge screwdriver, ruler and lanyard hole.

**Size:** 2.7 x 1.8"

**Weight:** 1.25 oz (35grams)

## SHARK REPELLENT

CODE: MM208

BCB shark repellent contains a chemical and a thick black dye that repels and disorients sharks. When tested by the US Navy BCB's shark repellent was the only product out of 24 to achieve any success in repelling sharks. Since then BCB's shark repellent has been used by Navies worldwide as their approved shark repellent.

When this foil packed sachet is squeezed in water, the crystalline acetate produces a dense black cloud. The inner bag has an attachment cord so it can be kept close to your body. This NATO approved product is used in life rafts and for airborne survival packs.

**Weight:** 4oz (115g)

**NATO approved:** NSN: 6850-99-220-3539

## RESCUE LOCATION LASER

CODE: CE099

- 5 Hour Laser Emergency Signal Device
- Equal to 300 x 1-minute flares
- Signal up to 48 Km (30 miles)
- Waterproof to 24 metres (80 feet)
- No Fire Hazard
- Environmentally Safe
- Effective in daytime at reduced distances
- Locate reflective material up to 1.6km (one mile) away
- Non flammable, Non hazardpos
- Rugged, machined aluminium anodized to prevent corrosion
- Long life laser diode - 5,000 hours meantime to failure

**Power supply:** One 3V CR123 lithium battery gives approx. 5 operating hours

**Weight:** 2.75 oz (78 grams) without battery

**Wavelength:** 532nm

**Size:** 4.72L x 0.88ø"

← Slide head to switch between focussed and wide beam →

## LIGHT HEAD LIGHT

CODE: CE044

A lightweight, low profile and powerful head torch

- Functions: Distance mode and floodlight mode
- Waterproof to IPX6
- Low, medium and high power settings
- 140 Lumens
- SOS repeater mode
- 1x Cree + 2 LED
- Duration: 9 hours
- Battery: 1 x AA (not included)
- Strong ABS Housing

**Weight:** 48grams

**Size:** 1.1 x 2.3" (2.8 x 6cm)

# EMERGENCY

**“APPROXIMATELY 75% OF THE WORLD’S POPULATION AND HALF OF THE LEAST DEVELOPED COUNTRIES ARE EXPOSED TO EXTREME EVENTS SUCH AS EARTHQUAKES, FLOODING AND CYCLONES.”**

Picture shows the effective use of BCB Sandbaggers by the British Army

48

EMERGENCY

## SANDBAGGER

CODE: CM999

Sandbags (and lots of them) are essential for protection against blast, bullets and floods. When you need them you want them quickly. The BCB Sandbagger will help you produce all you need, right where you need them.

The BCB Sandbagger collapses for easy transportation and storage and can be erected in seconds.

All parts remain attached which eliminates the possibility of loss and the machine is completely maintenance free.

With the saving in labour cost the sandbagger will pay for itself in the first few hours of use.

The wide mouth hopper combined with the unique twin bag slide system allows either:

- One person to fill 2 bags at once or
- Two people to fill sandbags continuously

**Robust:** The design loads structurally the strongest points.

**Quality:** High quality steel used throughout.

**Compact:**

Folding legs reduces its size by half for transport, or storage. Eight per Euro pallet 47.2" high. No detachable components to lose. Light enough for one person to carry.

**Flexible:**

The feet allow it to be used in a soft, dry sand. It can be used with dry earth or shale. Its strength and its large hopper mean it can also be filled by a small mechanical digger.

**Size folded:** 20 x 20.27 x 21.4" (51 x 51.5 x 54.5cm)

**Size assembled:** 20 x 20.27 x 36.4" (51 x 51.5 x 92.5)

**Weight:** 46.7 lbs (21.21kg)

**NATO approved:** NSN-4235-99-599-9760

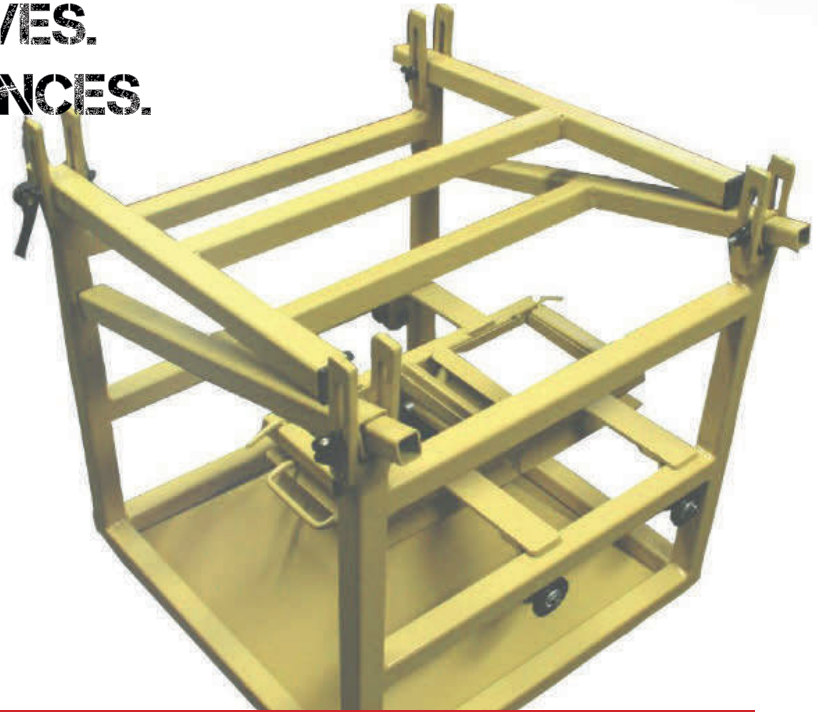

- Few Moving Parts
- Rust Proof
- Virtually maintenance free
- Plastic Coated finish
- Easy to use - little training needed
- Easily portable and stackable
- Quick fill and removal of sandbags
- Can be used with dry soil, salt or aggregates
- Can be used with synthetic or hessian types of sandbags
- Can be erected in less than one minute!

- Saves time and money
- Easy to transport and store
- Can be erected in seconds
- Maintenance free

**FOR BUILDING AND REINFORCING DEFENSIVE POSITIONS, QUICKLY AND EASILY. THE TIME SAVED COULD SAVE LIVES. ALSO FOR FLOOD DEFENCES.**

**THIS SANDBAGGER WILL PAY FOR ITSELF IN LESS THAN 12 HOURS.**

**ASSUMING A SOLDIERS SALARY IS \$20 PER HOUR...**

	<b>By Hand</b>	<b>Using the Sand Bagger</b>
Labor Time to fill 100 sand bags:	182 minutes	88 minutes
Labour Cost to fill 100 sand bags:	\$120 (2 people)	\$30 (1 person)
Labour Cost to fill 5 million sand bags:	\$6 million	\$1.5 million
<b>THEREFORE: Saving per year using the Sand Bagger:</b>	<b>\$4.5 million</b>	

Time taken to recoup outlay on the sandbagger is less than 12 hours.

- ➔ **“The BCB sandbag filter is well-engineered and performed well during trials assessment.”**
- ➔ **“This equipment was the fastest when filling 100 sandbags with two personnel and...one person”**
- ➔ **“This would be the preferred equipment if a sandbag filler is required to be acquisitioned”**  
- Extract from the British Royal Engineers field trial report.

**SANDBAGS**

CODE: CM999A

Hessian Sandbag. Ideal for more robust uses that may require an extended temporary purpose, for example, continued flood prevention and defensive walls.

Dimensions: 33cm x 76cm (13" x 30")

Capacity: 28.5Kg damp sand or 25.5Kg dry sand

**FILLS MORE THAN TWICE AS MANY SANDBAGS PER HOUR**

SURVIVAL

## LOCATION MARKER BALLOON CODE: CK409

A ground to air signal balloon.

Designed by the military for the military.

- Quick deployment - **under 2 minutes**
- Lightweight **carbon fibre** large capacity helium cylinder
- **Large (over 1 meter)** bright balloon
- Day or night time visibility. Attach a chemical light (two supplied)
- **Radar reflective & Reusable**
- **Lightweight** and safe to use
- Can be quickly used to mark your Drop Zone position or if in need of rescue.
- Will float high above any jungle or forest
- 250 ft (75 m) strong tether
- Can be **operated by one person within minutes**
- Uses inert helium gas to inflate 35 gallon capacity Radar Reflective balloon
- Two chemical light disks (supplied) can be attached to both sides of the balloon giving at night an excellent signal, especially if the pilot is wearing NV goggles
- Can be **seen over 10 miles away**
- The balloon will **stay aloft for many days**
- Can be pulled back down and released back up as required
- The balloon has an **excellent lifting capacity** and can take up approximately 3 oz i.e. a radio antenna etc above the canopy
- Also very effective in other distress environments, e.g. maritime, desert and woodland etc
- The foil balloon gives a large radar reflective signature (over 30 ft)

## EXPLORER BUTTON COMPASS

CODE: CK311

An exceptionally robust, oil filled, pressurised, military approved compass which features in most of our survival kits. Designed for escape and evasion.

- Load tested to 24kg (52.9 lbs)

**Weight:** 0.07oz (2grams)

**Size:** 0.51" diameter

**NATO approved:** NSN-6605-99-127-9239

**Packed size:** 15 x 9.8 x 4.7"

**Balloon open size:** 46.8 x 25.9"

**Weight:** approx 31oz (900grams)

## WATERPROOF FIELD NOTEBOOK

**CODE: CD446**

Tough durable notebook perfect for use in the field. Comes with a pencil fitted into the spiral binding. Waterproof paper.

Useful information printed inside such as conversion charts, name and notes on front, ruler, useful Arabic phrases.

- Size: 1.5 x 3.5 x 0.1"

▪ Number of pages approx: 50

▪ Weight: 1.4oz (40grams)

## COMPACT SIGNALLING MIRROR-HELIOGRAPH

**CODE: CK314 COMPACT 2X2" (5X5 CM)**

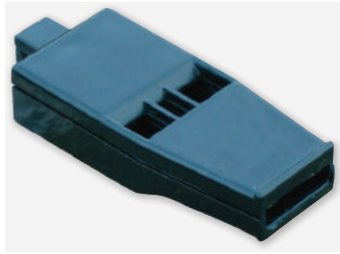

**CODE: CK324 ADVANCED CM 4 X 4" (10X10 CM)**

This innovative mirror is lightweight, robust and approved for marine and military use.

- It is highly reflective giving it a range of over 10 miles for the small mirror and longer for the liferaft/lifeboat large mirror.
- Designed for one handed operation.
- Accurate and effective
- Floats
- Robust
- Quick and easy to use
- Instructions printed on reverse side

NATO approved (Compact): NSN-6350-99-613-9818

NATO approved (Advanced): NSN-6350-99-613-3083

## DISTRESS WHISTLE

**CODE: CK316**

Bright orange emergency distress whistle. Produces a high decibel noise from low air input.

- Side clip

## PATROL COMMANDER'S MAP CASE

**CODE: CD1422M MULTICAM**

Heavy duty map case, with external access to pens. Large window pocket for map secured with a zip fastener.

- Clip attachment and Velcro closed

Size open: 24" x 16"

Weight: 8oz (235grams)

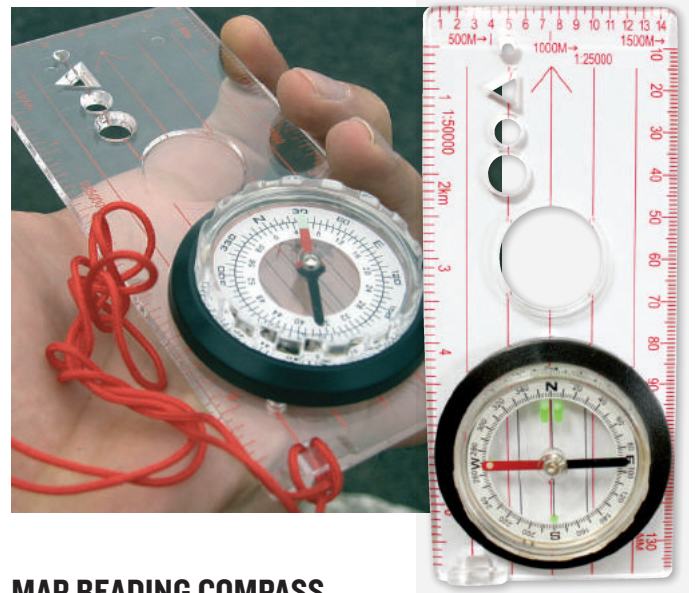

## WATERPROOF NOTEBOOK REFILL

**CODE: CD447 (REFILL ONLY)**

Water and tear resistant notepad in a durable, green vinyl cover. The pages can be cleaned and reused.

- 50 sides approx
- Pencil included

NATO approved: NSN-7530-99-508-4139

## MAP READING COMPASS

**CODE: CK602**

A base plate compass, containing a magnifying glass, ruler and scales for 1:25000 and 1 mile to 1 inch. The liquid filled compass rotates within the base.

- Nylon lanyard included
- Stencil holes for adding map symbols

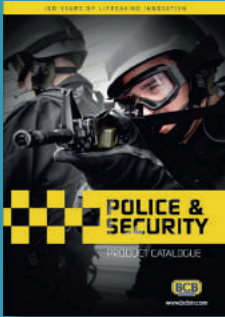

Weight: 2oz (53grams)

Size: 6" x 2"

NATO approved: NSN-6605-99-501-14968
