Military Multifuel Cooker Systems

- These **compact, lightweight systems** are the modern, **eco-friendly** and fast way to heat and cook your military rations in the field.
- They include FireDragon which can also be used to **sanitise your hands**.
- They all use the patented FireDragon and can also use **other solid or gel fuels**.
- The NATO, patrol and Crusader cookers will also burn some **liquid fuel**.
- All systems can be packed with the other non food items to your specific needs (subject to minimum order quantities.)

UN Ration Pack MKI

UN Ration Pack MKI, Heating Kit containing everything required to easily heat and eat food rations while in the field. No tools required.

Contents:

- Metal Mini Cooker
- 6 x FireDragon eco fuel tablets (14g)
- Refuse bag
- Book of 20 matches
- Water purification tablets (6)
- Wet wipes (2)
- Tissue paper - 2 ply (10)
- Spork biodegradable
- Pulp Tray
- Scouring pad

Alternatively the Combat Ration Pack can be made to with either the folding cooker with wind shield and x3 24gram FireDragon tables or the flat pack cooker and x6 8gram FireDragon tablets.

UN Ration Pack MKII

Similar to our UN Ration Pack MKI, the UN Ration Pack MKII is a compact ration heating kit containing everything required to easily heat and food rations while in the field. No tools required.

Contents:

- Metal Mini Cooker
- 6 x FireDragon eco fuel tablets (14g)
- Refuse bag
- Book of 20 matches
- Water purification tablets (4)
- Alcohol wipe
- Spork biodegradable
- Aluminium Tray
- Scouring pad

Alternatively the EU Ration Pack can be made to with either the folding cooker with wind shield and x3 24gram FireDragon tables or the flat pack cooker and x6 8gram FireDragon tablets.

EU Standard

Design to EU specification this Compact Ration Heating Kit containing everything required to easily heat food rations while in the field. No tools required.

Contents:

- Metal flat folding cooker
- 6 x FireDragon eco fuel tablets (8g)
- Refuse bag
- Book of 20 matches
- Water purification tablets (6)
- Metal gripper handle
- Packed in waterproof, easy open wrapper
- Toothpicks (3)

Emergency Ration heater & fuel

A lightweight version of the EU Standard Ration Heater containing only the essentials to heat ration in the case of an emergency.

Contents:

- Metal flat folding cooker
- 6 x FireDragon eco fuel tablets (8g)
- Book of 20 matches

MRE Cooker & Fuel System

Compact Ration Heating Kit containing everything required to easily heat food rations while in the field. No tools required.

This kit includes a cooker with 3 x 8gram (0.3oz) FireDragon eco fuel tablets, which are sufficient to heat three meals, plus matches and water purification tablets and a handle for your utensils.

Contents:

- Metal flat folding cooker
- 3 x FireDragon eco fuel tablets (8g)
- Book of 20 matches
- Water purification tablets (4)
- Metal gripper handle
- Packed in waterproof, easy open wrapper

PATROL Cooker & Fuel System

Compact Ration Heating Kit containing everything required to easily heat food rations while in the field. No tools required. This kit includes a cooker with 3 x 14gram (0.5oz) FireDragon eco fuel tablets, which are sufficient to heat three meals, plus matches and water purification tablets and a handle for your utensils.

Alternatively it can be used with 28gram (1oz) Firedragon, other solid, gel or some liquid fuels

Contents:

- Metal mini cooker
- 3 x FireDragon eco fuel tablets 14gram (0.5oz)
- Book of 20 matches
- Water purification tablets (4)
- Packed in waterproof, easy open wrapper
- Ration Gripper

NATO Cooker & Fuel Systems

Folding Compact Ration Heating Kit containing everything required to easily heat food rations while in the field. No tools required. This kit includes a cooker with 3 x 28gram (1oz) FireDragon eco fuel tablets, which are sufficient to heat three meals, plus matches and water purification tablets and a handle for your hot rations.

Contents:

- Metal folding cooker with windshield
- 3 x FireDragon eco fuel tablets 28gram (1oz)
- Book of 20 matches
- Water purification tablets (4)
- Packed in waterproof, easy open wrapper
- Ration handle

Crusader Cup Cooker & Fuel Systems

MKI Steel

MKII Aluminium

Originally designed to meet the changing requirements of the future combat soldier.

An integral folding arm allows the cup to fit securely over a fuel crucible where gel fuel or solid fuel blocks can be lit.

In transit, the cooker nests neatly and compact beneath BCB's Crusader Cup and will fit inside the water bottle.

This set consists of: Plastic Mug & NATO Water bottle, Crusader Cup Lid, Crusader Cup, Crusader Cooker, Zulu Belt pouch, Fireball Flint and Striker.

Innovative solid and gel fuel field cooker.

Boils 500ml (17froz) of water in about 8 minutes.

As used by THE BRITISH MILITARY

Weight: 838 grams (29.6oz)

Product code: CN017

Contents:

- 1 x Pouch
- 1 x Flint & Striker
- 1 x Crusader Cooker II, High quality aluminium
- 1 x Crusader Cup I (Silver) High quality steel
- 1 x NATO Canteen & Mug
- 1 x Lid

Available in a variety of different combinations

FIRE DRAGON

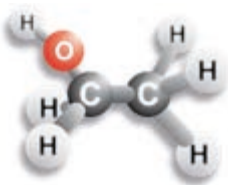

“All life on Earth now depends on us...” – Sir David Attenborough

Based on bio-ethanol, **FireDragon** is sustainable and **not a fossil fuel**.

It is a safer fuel for both the user & the environment.

FireDragon outperforms all other solid fuels.

FireDragon's bio-ethanol purity is very high at approximately 96%.

Fuel for the future:

- ✓ Sustainable
- ✓ Works when wet & in the wet
- ✓ Cooks quickly
- ✓ Burns intensely
- ✓ Easy to light
- ✓ Safe to carry & transport
- ✓ Gives off very little soot or fumes

Clean, Green & Sustainable

Hand Cleanser

All-Weather

Quick & easy to light

Clean burn

27g (1oz)

14g (0.5oz)

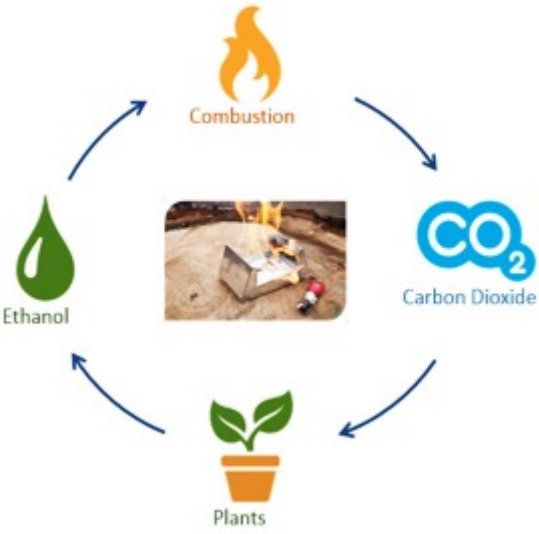

8g (0.3oz)

FireDragon compared to Flameless Ration Heater

FireDragon is more efficient (28MJ/Kg) than kerosene, methyl esters, or paraffin. Though not as efficient as LPG, which is approx. 50MJ/Kg.

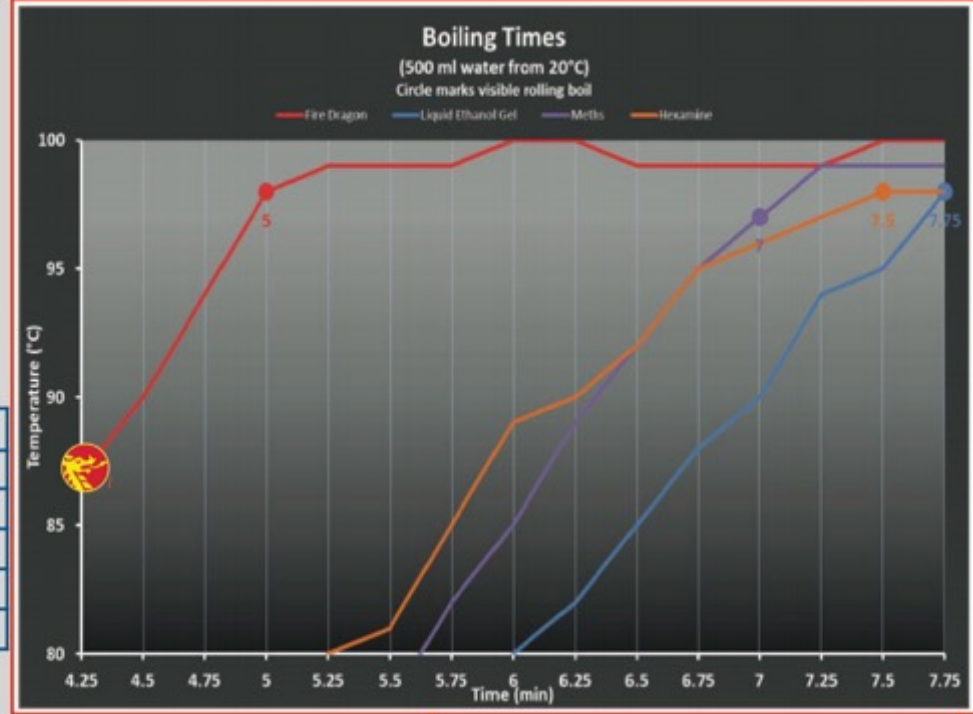

FD compared to FRH **3 x Faster Cooking** **1/6 Lighter** **2 x Hotter** **4.5 x More Energy**

- Ration heater/Cooker/Fire lighter/Hand sanitiser all in one.
- Recyclable , easy and clean to dispose of.
- Safe to use, handle and to pack with rations.
- Efficient to cook/boil water.
 - ✓ Boils water from 62°F to 212 °F in 6 minutes
 - ✓ Melts snow & ice
- Environment friendly.
- No noxious fumes like hydrogen, cyanide, oxides or magnesium.
- Non toxic. Non explosive .
- Easy to transport and store.
- Patented will work when wet, can extinguish and relight.
- Comparable cost per cook.
- Twice as fast to temperature compare to all other solid fuels.
- NATO#: 9110-99-426-2694/7310-99-587-4226

	FRH	FD
Change in temperature	100 °F (37 °C)	212 °F (100 °C)
Speed from 32 °F (0 °C) to 100 °F (37 °C)	10 minutes	3.15 minutes^
Average Total Weight unused and used per burn*	3 oz (85 g)	0.9 oz (25 g)^
Energy (Kilo joules) per gram	6	29
Shipping/Storage hazardous	Class 4.3	Class 4.1

* Includes all necessary components including water, cooker matches per cook, and assumes average over used + unused components. ^ NATO Option.

- Made from natural ingredients
- Non toxic
- All weather
- Long burn
