

Floating Armour Torso System (F.A.T.S)

This innovative system provides comfortable armour with an integrated life jacket.

The removable inflatable stole is located underneath the high performing level IIIA armour pack. This protects the wearer and the life jacket from bullet or fragment threats.

Having the lifejacket under the body armour also gives it a low profile close fit.

Other body armours with a neck external lifejacket catch on the helmet.

The gas inflatable stole is kitted out with an automatic trigger which deploys within seconds in water.

The armour vest expands around with the bladder when activated to provide continuous protection.

Extensively independently tested.

Available with a 175 Newton and a 275 Newton floatation capability.

Automatically inflates within approximately 3 seconds of water immersion

Life jacket can be removed if not required and the body armour can be worn independently

Up to 275 newtons of cylinder buoyancy can be topped up by manual inflator tube

Unique 4 point expansion system allows the life jacket to inflate without crushing your chest

Export licence needed for all Body Armour

Floating Armour Torso System (F.A.T.S)

Tabard style tactical armour vest

Fully functional all-round MOLLE system to suit the task in any terrain

Removable inflatable lifejacket (Stole), with a choice of 175N or 275N capability

Vest expands with the inflation of the stole

Self rights to clear airways from the water

Fully adjustable at the sides

Internal elasticated waistband distributes the load of the vest

Rear grab handle

Mesh lining for better airflow and rapid drainage

Easy access bladder for re-arming, servicing and cleaning

Lightweight PU coated Nylon 500 denier outer fabric

Removable and adjustable crotch strap

Water resistant aramid used

Ballistic inserts made of low density and buoyant Ultra High Molecular Weight Polyethylene (UHMWPE)

Inserts protected with welded lightweight waterproof covers

Choice of protection tested in accordance to NIJ 0101.04 or NIJ 0101.06

Front and back 25 X 30cm (10"x12") hard armour plate pockets

Protection level NIJ IIIA

Multicam:

Two options available:

Marines, navy and coastguard

270 Newtons for use during land assaults, ship boarding and general boat use. Large capacity for when wearing/carrying a rucksack heavy belt kit and weapons

275 Newtons - Navy Vest	Black	ATP Camo
Small	CL10SB	CL10SMC
Medium	CL10MB	CL10MMC
Large	CL10LB NSN: 8470-99-156-1400	CL10LMC
X-Large	CL10XLB	CL10XLMC

Aircrew or vehicle crew

175 Newton bouyancy for aircrew and vehicle crew. Lower profile for use in confined space.

175 Newtons - Crew Vest	Black	ATP Camo
Small	CL09SB	CL09SMC
Medium	CL09MB	CL09MMC
Large	CL09LB	CL09LMC
X-Large	CL09XLB	CL09XLMC

Both have the option of MOLLE or lazer cut finishes:

MOLLE: more traditional

Lazer cut: less snag
