

FIREDRAGON

ECO-FRIENDLY

FIRELIGHTER

NON-TOXIC

ODOURLESS

100% NATURAL

MADE IN THE U.K.

WHY USE FIREDRAGON

ECO-FRIENDLY AND 100% NATURAL

Unlike other firelighters, FireDragon Fuel is made from naturally derived bio-ethanol this makes it more sustainable and environmentally friendly than other fossil fuel based firelighters. Additionally burning FireDragon Fuel doesn't generate any toxic or noxious by-products, making it safer and cleaner to use.

SAFE WITH FOOD

Because FireDragon is a non-toxic firestarter it doesn't release any dangerous or noxious fumes meaning it won't taint your food. Making it safer to cook with and can even be stored with food.

OUTSIDE OR INDOORS

FireDragon isn't just for the barbecue as it has a clean burn it's also suitable for indoor log fires.

ALL WEATHER

Come heavy rain, blistering snow, harsh wind or searing heat FireDragon has performed in the most extreme of weather conditions.

MILITARY ISSUED

FireDragon fuel has been used for over 5 years by military forces around the world and has been tested in the most extreme conditions.

FIREDRAGON GEL FIRELIGHTER

Our all-weather gel biofuel derived from FireDragon Solid fuel technology. Made from UK sourced ethanol, FireDragon Gel can be used in multi-fuel outdoor cooking stoves, and barbecues, as well as for fire lighting.

- Ideal to start your BBQ or light your firepit and safeguard your health, while protecting the environment at the same time.
- Our fuel is non-toxic, non-drip and made from 100% natural ingredients.
- It is easy to light, burns cleanly and our research shows that it boils quicker than most other non-gas fuels.
- In the driving rain, the freezing Arctic, at high altitudes or searing heat, FireDragon will perform in the most extreme conditions.
- Easy to use squeeze pouch.

Available in a 200ml or 1Litre
